Mark,

As part of the handover from Chris to Ian, we've had a review of the Escher-Dev PinICL stack. Please can I have an update from you as to the status of the PinICLs assigned to you. The PinICLs are :-

<u>number</u>	<u>Assigned team</u>	<u>Assignee</u>	<u>Category</u>	<u>Call type</u>	<u>Priority</u>	<u>Summary</u>

PC0067719	Escher-Dev	Gareth Jenkins	30	W	C	Riposte Fails on Corr server with write failure

I know the last one is assigned to me, but I sent you an email about it in July and am about to re-assign it to you.

The current situation on most of them I believe is that they are "one-off" problems, and perhaps we should consider closing them. If you want help in accessing the PinICLs or their history, then please let me know.

There is also a new PinICL 66771 which I need to look at which may well come your way soon.

Regards
