1		Friday, 1 December 2023	1		I advised no, and
2	(10.	00 am)	2	Q.	Why do you think no?
3		JARNAIL SINGH (continued)	3	A.	Because you're working on the merits and the
4		Questioned by MR BEER (continued)	4		evidence before you on that particular case.
5	MR	BEER: Good morning, sir, can you see and hear	5		That's you're concentrating on what's before
6		me?	6		you. You're not sort of looking beyond
7	SIR	WYN WILLIAMS: Yes, thank you.	7		anything, beyond that.
8	MR	BEER: Thank you very much.	8	Q.	Okay. Can we look, please, at POL00107869,
9		Good morning, Mr Singh.	9		please. If we just look at the email at the
10	A.	Good morning, good morning.	10		bottom of the page. If we scroll up, so you can
11	Q.	Can we pick up where we left off yesterday,	11		see who it's from and to. It's from you to
12		which was examining issues, in the general	12		Mr Scott and it's essentially your advice on
13		sense, on the process and the procedure for	13		a charging decision, as I'm going to call it,
14		prosecuting suspected offenders. Did you ever	14		for Christine Gourlay in Scotland. You say:
15		advise the Post Office to pursue a prosecution	15		"I have read the file and having reviewed
16		to act as a deterrent to other subpostmasters	16		the papers, in my opinion there is both
17		from committing crimes?	17		sufficient evidence to provide a realistic
18	A.	How do you mean, sorry? Can you flesh it out	18		prospect of conviction of Mrs Gourlay and it is
19		a little bit, so I can I from my	19		also in the public interest to prosecute her."
20		recollection I no, no.	20		Do you see that?
21	Q.	Putting it another way, was the aim of deterring	21	A.	Yes.
22		other potential offenders a relevant	22	Q.	Then over the following pages there's
23		consideration in deciding whether to prosecute	23		an analysis of the allegations, the evidence,
24		a subpostmaster?	24		possible defences, and the like. If we can turn
25	A.	I don't think so, well well, no. When 1	25		to page 4, please, and look at the bottom, 2
1		please. Thank you. Just scroll down a little	1		there's evidence, the public interest is the
2		more, thank you.	2		breach of trust. There's a large amount of
3		Under "Conclusion", paragraph 28, you say:	3		loss.
4		"In my opinion, because of the above	4	Q.	I'm not asking about those; I'm asking you about
5		evidence and matters, there is sufficient	5		the reasoning, which says, "prosecution and
6		evidence to provide a realistic prospect of	6		conviction will act as a deterrent to others"?
7		conviction of Mrs Gourlay.	7	A.	Well, that maybe just complete to the
8		"In my opinion it is in the public interest	8		sentence or something, it wouldn't be I to
9		to prosecute Mrs Gourlay because of breach of	9		be honest, I that I that's never
10		trust, and the large amount of loss. Then	10		actually gone through it's not the process
11		prosecution and conviction will act as	11		I would follow. I don't know why, in these
12		a deterrent to others.	12		circumstances, where there was something in the,
13		"Mrs Gourlay in her interview is implicitly	13		you know, in the Investigation Officer's report
14		attempting to blame other parties."	14		or in the interview or something that
15		It's the part of the sentence there which	15		John Scott, I think, specifically asked me to
16		says that "prosecution and conviction will act	16		consider but, in general terms, that was not the
17		as a deterrent to others". That tends to	17		aim.
18		suggest that, in deciding whether to prosecute	18	Q.	He didn't
19		or not, you did take into account the possible	19	A.	Certainly I mean, I accept the fact it's
20		deterrent effect of a prosecution and perhaps	20		here, yes. But it's not the main it's never
21		conviction upon others; would you agree?	21		been the main consideration in any of my advices
22	A.	Firstly, it's such a long time ago, I don't know	22		or in my consideration. For some reason it's
23		the full details. I would have read the files	23		there because it's particular, peculiar, to
24		in depth, considered it. Maybe in general	24		these details. That's in this particular case.

25

terms, but not -- the main ones are the fact is

I don't know whether he's particularly asked or

- 1 the Investigation Officer asked or he asked me
- 2 to address it, but yes, it's there.
- 3 Q. In the documents that we've got, the 4 investigation report and the other
- 5 communications from Mr Scott --
- 6 Α. Yes.
- 7 Q. -- he doesn't ask you "Please can you include in
- 8 your advice whether or not prosecution and
- 9 conviction will act as a deterrent to others and
- 10 please include one way or the other in your
- reasoning whether you take into account or leave 11
- 12 out of account the possible deterrent effect".
- 13 It's something that comes from you and not him.
- A. Yes, maybe then I -- you know, it's such a long 14
- 15 time ago. I don't know -- maybe on that
- 16 particular day, but certainly generally
- 17 I wouldn't of -- I mean, the other advices
- you've probably seen, it's not there. 18
- 19 Q. Was this a --
- 20 THE SOLICITOR: Sorry, can I just interrupt?
- 21 (Off mic)
- 22 MR BEER: Sorry sir, you won't be able to hear.
- 23 THE SOLICITOR: Sorry, can I say something there?
- 24 MR BEER: Hold on. Mr Singh's solicitor has just
- 25 said:

5

- 1 Yes, I think yesterday we discussed it, yes.
- 2 Q. Was there a statutory basis for the Post Office
- 3 issuing cautions to suspected offenders?
- 4 A. I'm sorry, I don't understand. I mean the
- 5 normal -- what do you mean, "statutory" -- it's

something that we considered, yes. I mean,

- 7 after the evidence, the next bit was whether
- 8 there's an alternative way of dealing with it
- 9 and -- in light of the public interest.
- 10 Q. Where did the power come from for the Post
- 11 Office to issue a caution?
- 12 A. I -- I mean, I certainly -- we advised as to how
- 13 it's given, who gives the caution, whether the
- 14 police does it for the Post Office or the police
- 15 got any statutory powers. I don't know.
- 16 I can't -- I mean, maybe at that time I did know
- but what the system was or what the procedure 17
- 18 was or what the basis was, certainly we did
- 19 advise on cautions.
- 20 I think in every single case we considered,
- 21 it's always -- you know, the evidential test and
- 22 then the public interest and public interest,
- 23 one of them was the fact that there was
- 24 alternative ways of dealing with it, rather 25
 - than, you know, prosecution.

- 1 "I'm sorry, I don't think this document was
- 2 provided before."
- 3 I'll check whether that's so, and if
 - Mr Singh needs any time at all to read it, he
- 5 should have it.
- 6 SIR WYN WILLIAMS: I agree.
- 7 THE SOLICITOR: Thank you.
- MR BEER: Do you need time to read this document? 8
- A. Is that the only -- have you got quite a bit of 9
- 10 papers?

- 11 Q. I'm sorry?
- Have you got quite a bit of papers to go to the 12
- 13 background to it? So can I have as much
- 14 information as you've got?
- 15 Q. I can certainly research that and come back to
- 16 you later in the day or when you come back next
- 17 year. If that would assist, I don't know at the
- 18 moment whether this was a document that was
- 19 provided or not. I can just check, however.
- 20 Yes, it was part of the batch of documents
- 21 that was provided last week, tab E92. So you
- 22 have had it before. I'll move on.
- 23
- Were cautions an available outcome?
- 24 Α. Sorry?
- 25 Were cautions an available outcome?

- 1 So was this a consistent practice over the
- 2 entirety of the period that we are talking
- 3 about, from August 1995 until, say, April 2012?
- 4 A. You mean the consideration for caution?
- 5 Q. Yes.
- 6 A. Certainly on my cases, I had a checklist of --
- 7 going through it, and one -- first the
- 8 evidential test, then the public interest, and
- 9 there was an alternative way of disposing of it,
- 10 you know, without resorting to prosecution. But
- 11 then a lot of the -- most of the -- the majority
- 12 of the time is a breach of trust and the fact
- 13 the amount of loss involved or amount of --
- 14 yeah, amount of loss.
- 15 Was there a Post Office policy which regulated
- 16 when and in what circumstances cautions should
- 17 be offered to suspected offenders?
- A. I think we basically applied the Prosecutors 18
- Code, if it's in there, and certainly --19
- 20 Q. The Code for Crown Prosecutors?
- 21 Yes, sorry.
- 22 Q. That doesn't address cautions.
- 23 But certainly I -- that's the -- maybe we -- in
- 24 our training or the way we looked at the case,
- 25 we certainly considered it. I mean --

- O. What were the relevant considerations in 1
- 2 deciding whether to offer a suspected offender
- 3 a caution?
- 4 A. Well, in any circumstances, in the sense that --
- 5 the amount involved, the recovery --
- 6 **Q.** Sorry the amount involved?
- 7 A. Yeah
- 8 Q. So what was a permissible level of amount
- 9 involved for a caution and what was
- 10 impermissible amount?
- A. I wouldn't -- well, it depends on the 11
- circumstances, the whole circumstances of the 12
- 13 case but I think around about 5,000, I think,
- is -- a figure of 5,000 comes to mind. 14
- So if it was below that amount then a caution 15 Q.
- 16 was permissible; is that right?
- 17 A. I think -- there was no strict figure but that
- 18 was the figure, I think, we -- the figure they
- 19 mentioned that we ought to pay more attention
- 20
- 21 Q. The next thing you said was "and the recovery".
- 22 What does "and the recovery" mean?
- 23 A. Well, if it was a short period of offending or
- 24 it was just one-off offence or the circumstances
- 25 surround it, persons -- you know, the health
- 1 A. I think the -- and the family, I think, any
- 2 surrounding circumstances. Anything and
- 3 everything.
- 4 Q. Were there other considerations brought into
- 5 account? You said the amount of the loss.
- 6 whether it had been recovered, ie whether the
- 7 postmaster that paid it back, and the health of
- 8 the suspect and their family. In addition to
- 9 those three things, was anything else brought
- 10 into account?
- A. Now, I don't know. I mean, I can't give you 11
- definitive answer because it's such a long time 12
- ago since I left the Post Office and left the --13
- 14 prosecution generally. I've been doing other
- 15 things, as you know. I don't know the answer to
- 16 that
- 17 Q. What about an admission --
- A. Well, obviously --18
- -- of guilt by the offender --19 Q.
- 20 A. Well, it --
- Q. -- which in the outside world, outside the Post 21
- 22 Office is --
- 23 A. Full and frank.
- 24 -- a condition precedent to the issuing of
- 25 a caution?

- 1 issues, the -- or the personal --
- 2 Q. No, you're talking about different things now.
- 3 I was asking about the thing you just mentioned,
- 4 which was you said "and the recovery". What did
- 5 that mean?
- 6 A. Well, my -- money, if the money is repaid,
- 7 that's what it means.
- Q. Was that a condition of issuing a caution? 8
- A. No, there's no condition, it's a consideration. 9
- 10 That's the sort of --
- Q. What was a consideration? 11
- The amount lost and the amount recovered. 12
- I think that was one of the bases of --13
- Q. So did the amount have to have been recovered in 14
- order to issue a caution? 15
- 16 A. To be honest, this is going back a few years, or
- 17 lots of years, a number of years. I've been
- doing other things. Now, I don't know and 18
- 19 you've probably put me on the spot, so
- 20 I don't -- I can't give you a definitive answer
- 21 on that. But certainly it was considered.
- 22 I think any case I dealt with is always --
- 23 I always played my mind to it.
- 24 Q. You went on to mention health; is that the
- 25 health of the suspected offender?

- 1 Full and frank admissions, yes, that is one of
- 2 it, isn't it, yeah?
- 3 Q. Is that a fourth thing, then?
- 4 A. Well, it's -- yes, it's -- yeah, it's important.
- Yes. It's got to be, hasn't it? 5
- 6 Q. Can you remember any guidance or written
- 7 document that told you and the other senior
- 8 lawyers how to approach this issue?
- 9 A. I think it's certainly -- I don't know about
- 10 internal document or internal training now but,
- 11 certainly, the outside training, we had the
- Central Law Training. We -- I certainly 12
- 13 regularly attended. There was the --
- 14 Q. Was that training about cautions?
- A. Well, they -- some of the trainings were about 15
- cautions, yes. 16
- 17 Q. So you received training from "Central Law", did
- 18 you say?
- It's Central Law Training, you know, where you 19
- 20 get your CPD points each and every year.
- That was training about cautions? 21
- 22 Well, one of the topics would have been, I would
- 23 have thought, but, I mean, I can't tell you
- 24 which one. And then certainly chambers, I think
- 25 they did quite a lot of training, whether it was

on caution, but certainly on the subjects we
were sort of interested in. I don't know
whether that -- somebody mentioned it and it
meant they apply -- you know, they trained us on
that or what sort of considerations go in it.

But such a long time ago but we did -- there was a lot of training but I don't know whether there was actually a Post Office manual we applied to. I mean, whether it was written down internally, I can't really say one way or the other whether it was or not.

- 12 **Q.** Was there a process that had to be gone through
- for the authorising of a caution?
- 14 A. Well, that's something we -- we advised on or
- 15 recommended but, as to how it's applied,
- 16 I couldn't tell you. It's such a long time ago,
- 17 as to how they did it. But I think it's
- 18 certainly -- you know, the Security or the
- 19 Investigation Team carry that out -- well,
- 20 they're the ones who carried it forward as to
- 21 how they administered it, whether they had the
- 22 authority --

6

7

8

9

10

11

- 23 Q. Never mind the administering of it at the
- 24 moment, I'm thinking about who decided that
- 25 a caution was appropriate?

13

- 1 such a caution could be issued?
- 2 A. Well, I'm trying to think. As, you know, the
- 3 practicality of it -- it's just -- it's just too
- 4 long a period between the -- when I was advising
- 5 on it and since I left. I can't -- no, I don't
- 6 think I can help you with any more than what
- 7 I have.
- 8 Q. Thank you. Can I ask you some questions about
- 9 the duties of a prosecutor in relation to
- 10 an expert witness. Do you agree that
- 11 a prosecutor intending to rely on expert
- 12 evidence in criminal proceedings was under the
- 13 following duties: firstly, to satisfy themselves
- 14 as to the expert's relevant qualifications and
- 15 expertise?
- 16 A. Sorry, you've finished? Yes, sorry. Well, yes.
- 17 Are you going to read the -- I think you're
- 18 going to read the whole thing or are you --
- 19 **Q.** I could read out six things then you'd have to
- 20 remember them and say which of them you agreed
- 21 and which you didn't. It might be best if I did
- them one by one.
- 23 A. Okay, sorry, yes.
- 24 Q. That's the first one.
- 25 A. Can you say it again, sorry?

- 1 A. Well, we -- it was obviously the Legal Team,
- 2 I think we --
- 3 Q. Who were the decision makers?
- 4 A. We recommended it. We didn't make the decision;
- 5 we recommended it.
- 6 Q. Okay, to whom did you recommend it?
- 7 A. To the Security Team, we passed it to the
- 8 Prosecution Support Office and who, in turn,
- 9 I think, passed it on to the decision maker or
- 10 the designate decision maker, I think.
- 11 Q. Would that designated decision maker have
- 12 changed over time? Sometimes it being somebody
- in HR, I believe, and then it changed to being
- 14 the Head of Security?
- 15 A. It was -- well, you probably -- well, you --
- 16 that -- it probably -- yes, I think it probably
- 17 did, but what I'm saying is that we went to the
- 18 Prosecution Support Office, they in turn passed
- it on to the appropriate person, whoever was the
- 20 designated authority at that particular moment
- 21 in time.
- 22 Q. So, as matters stand now, you can't help us with
- 23 the power that the Post Office used to issue
- 24 cautions to offenders nor whether there existed
- 25 guidelines regulating the circumstances in which
 - 1
 - Q. Do you agree that a prosecutor was under a duty,
- 2 if they intended to rely on expert witness, to
- 3 satisfy themselves as to the expert's relevant
- 4 qualifications and experience?
- 5 A. Yes, yes.

1

- 6 Q. Secondly, a prosecutor was required to satisfy
- 7 themselves that the expert had been
- 8 appropriately instructed including by the
- 9 provision of a written and detailed letter or
- 10 email of instruction or terms of reference?
- 11 A. Yes, yes.
- 12 Q. Thirdly, the prosecutor was under a duty to
- provide the expert, within those instructions,
- 14 as to what it is that his or her opinion was
- 15 sought about, and should set out the issues or
- 16 questions that they were expecting the expert to
- 17 answer?
- 18 A. Generally, yes.
- 19 Q. Fourthly, they were under a duty to provide
- 20 explicit guidance as to what the expert was
- 21 being asked to do and what material they were
- being asked to consider, in order to undertake
- 23 that task?
- 24 **A.** Yes, yes.
- 25 Q. Fifthly, a prosecutor was under a duty to set

- 1 out the material upon which reliance had been
- 2 placed in the prosecution and which of that
- 3 material may be relevant to the questions which
- 4 the expert was being expected to answer?
- 5 A.
- 6 Q. Sixthly, a prosecutor was under a duty to inform
- 7 the expert as to the expert's relevant duties?
- 8 A.
- 9 **Q.** Would you agree that, even those experts who
- 10 were trained, accustomed and made their living
- by giving expert evidence, a prosecutor had to 11
- 12 make the expert sure that they understood what
- 13 the expert's duties and obligations were?
- 14 A. Yes, yes.
- Q. Would you agree that there was a duty on 15
- 16 a prosecutor to satisfy themselves that the
- 17 expert had understood that they owed duties to
- 18 the court and that in their work and their
- 19 report they had complied with their duties to
- 20 the court?
- 21 A. Yes, yes. Yes, of course.
- 22 Would you agree that a prosecutor at all
- 23 relevant times was under a duty to satisfy
- 24 themselves that any material or literature of
- 25 which the prosecutor was aware and which might
- 1 Α. No.
- Q. Including in Seema Misra's case? 2
- 3 A. Well, that, again, I think you've seen my
- 4 witness statement.
- 5 Q. You say you didn't treat him as an expert, it
- 6 was the court that did it?
- 7 A. No, I'm not saying anything. All I said was
- 8 that he came as the only person who could assist
- 9 with the workings and operation of the Horizon
- 10 system and I think, as the matter progressed, it
- 11 became apparent that the only way the defence
- 12 experts can function or are able to do his
- 13 duties, or advise the -- or assist the court,
- 14 was with the assistance of the guy who was --
- 15 the assistance of the Fujitsu employee who knew
- 16 the system very well, because it's a very, very
- specialist system, so you'd need a special 17
- 18 knowledge. You can't just have anybody come in
- 19 to be able to understand it and then actually
- 20 assist the court.
- 21 We're going to come back to that big topic in
- 22 a moment, whether you treated Mr Jenkins as
- 23 an expert or not?
- 24 A. Yes, of course, yes.
- 25 Would you agree that in terms of inclusions in Q.

- 1 undermine the expert's opinion, was reviewed by
- 2 the prosecution and, if relevant, disclosed to
- 3 the expert?
- 4 A. Yes.
- Q. Would you agree that these duties needed to be 5
- 6 satisfied in order that the prosecutor could be
- 7 satisfied that the expert evidence was
- 8 admissible in court, ie these were conditions of
- 9 admissibility, rather than just written
- 10 requirements that it was nice to achieve?
- 11 Α. Yes, yes.
- Q. So these went to admissibility? 12
- 13 Yes, I agree.
- Q. Did you, in your work, have all of those duties 14
- in mind when you were advising on files and 15
- 16 acting as a prosecutor?
- 17 A. I'm trying to think. I don't -- apart from one
- 18 case, which, again, I've never instructed
- 19 an expert in any of my cases --
- 20 Q. In the --
- 21 A. In the Post Office.
- 22 In the Post Office, you never instructed
- 23 an expert?
- 24 Α. No
- 25 Q. Never relied on expert evidence?

- 1 an expert report that, by 2006, the following
- 2 matters were necessary conclusions in an expert
- 3 report:
- 4 Firstly, details of the expert's academic
- 5 and professional qualifications, experience and
- 6 accreditation, insofar as they are relevant to
- 7 the opinions expressed in the report?
- 8 A. It's something that I think we very much heavily
- would have relied on advice from counsel. 9
- 10 Certainly, I think that's as far as I can take
- 11 it, because -- the only time -- but I think you
- 12 said you -- you said you were going to come to
- 13 that topic in a minute -- that's one of the
- 14 reasons why we relied very heavily on counsel
- 15 because we used their vast experience in other
- 16 cases, not just the Post Office cases, but
- 17 outside, because a lot of our counsel were very
- 18 experienced and knowledgeable about prosecuting
- 19 for the CPS and other bodies.
- 20 Q. I'm asking you whether you knew yourself that,
- 21 certainly by 2006, an expert report needed to
- 22 include details of the expert's academic and
- 23 professional qualifications, their experience
- 24 and accreditation that was relevant to the 25

opinions expressed in the report?

- A. Well, yeah, I would have thought that was
 obvious, yes.
- 3 Q. So, yes, you did?
- 4 A. I did but, as to the -- I've instructed,
- 5 I think, experts in the civil matters but,
- 6 certainly, in the criminal matters, that was the
- 7 first experience of it, I think, and I've never
- 8 even had a defence expert's report on any of my
- 9 cases.
- 10 Q. So Professor McLachlan, he wasn't an expert --
- 11 A. Well, no, we're not talking about that yet. You
- 12 said you were coming to it. But, certainly,
- 13 I saw his reports over and over again, but
- 14 you're talking about in general terms, aren't
- 15 you, or are you saying --
- 16 Q. I'm asking you whether you knew that both the
- 17 common law and the Civil Procedure Rules
- 18 Part 33, which came into effect in November
- 19 2006, said that an expert report had to contain
- 20 details of an expert's academic and professional
- 21 qualifications, their experience, and their
- 22 accreditation, insofar as it was relevant to the
- 23 evidence that they were going to give?
- 24 SIR WYN WILLIAMS: Before you answer, Mr Beer,
- 25 I think there was a slip of the tongue. You
 - 21
- 1 setting out a substance of the instructions that
- 2 the expert had received, the questions upon
- 3 which their opinion was sought, the materials
- 4 that they had been provided, the documents,
- 5 statements, evidence, information and
- 6 assumptions, which were material to the opinions
- 7 expressed within the report?

13

- 8 A. In general terms but then, if I was going to
- 9 instruct an expert, then I would have had
 - a conference or got advice from counsel, read
- 11 around the topic. But, as to the knowledge,
- 12 it's not something I would have retained
 - readily. I mean, like any new experience or
- 14 anything I would have done, which I've not done
- 15 before, certainly I'd have read around it, got
- 16 to know it very well, and then had probably
- 17 sought counsel's advice before doing it.
- But it's the -- as to -- I don't know what you're asking in -- I knew -- obviously in
- 20 general terms, I probably knew quite a lot. But
- 21 when it actually come to specifics then I would
- 22 have sat down and worked it out, and then sought
- 23 advice, and maybe sought advice from other
- 24 experienced lawyers within the Criminal Law
- 25 Team, and I think I would have gone to, you

- 1 said, "Civil Rules", did you mean Criminal
- 2 Rules?

4

- 3 MR BEER: I meant the Criminal Procedure Rules, yes,
 - thank you, sir.
- 5 A. I think I had generally read about it, like
- 6 I said, and also I did repeat -- I did read the
- 7 defence expert's reports. Certainly was all
- 8 there. As to whether that was something of
- 9 a second nature to me, I would say no, purely
- 10 because I've never had a case where I had to
- 11 instruct an agent -- instruct an expert in the
- 12 criminal proceedings.
- 13 Q. Did you know that, by that time, 2006, the law
- 14 required a report to include a statement of the
- 15 range and extent of the expertise of the expert
- and any limitations that they identified as to
- 17 their expertise?
- 18 A. I don't know. I mean, I'm trying to think what
- 19 I knew at that year, the time period I was
- 20 employed by the Post Office. But, certainly, if
- 21 I was instructing an agent -- instructing
- 22 an expert, I would have done a research around
- 23 it as to what my obligations were.
- 24 Q. Did you know that, by that time, the law
- 25 required an expert report to contain a statement

22

- 1 know, the Head of Criminal Law Team to say,
- 2 "Look, this what I'm doing, is there pointers
- 3 I need to know?" And then I would have directed
- 4 my mind to it.
- 5 And, certainly, before embarking on anything
- 6 of that nature, that's my background,
- 7 experience, and reading around it, and then
- 8 going to counsel. That's what we would do.
- 9 Q. Did you know that, by 2006, the law required
- 10 a report where there was a range of opinion in
- 11 the matters dealt with by the expert to include
- 12 a summary of the range of opinion and the
- reasons for the opinion given by the expert
- 14 within that range?

25

- 15 A. I don't know, I mean, I -- to that. I mean,
- 16 I wouldn't know anything like that to -- maybe
- to that detail. I can't say one way or the
- 18 other but, certainly, if I was going to --
- 19 instruct an agent -- instruct an expert, then
- 20 I would have been able to bring my knowledge up
- 21 to date to that level but, I mean, it's not
- 22 something I would have retained because it's not
- something I would have used on a daily basis.
- 24 Q. Did you know that, by 2006, an expert report was
 - required by the law to include relevant extracts

1 of literature or other material that may be of 2 assistance to the court?

A. Again, same answer. Again, I would have -- if I was going to instruct an expert, that's what I would have done and, certainly, I would have

6 a back-up of an opinion or advice from counsel.

Lastly on this, did you understand that by 2006

8 the law required an expert report to contain 9 a statement to the effect that the expert had 10

complied with their duties to the court to

provide independent assistance, by way of 11

12 objective and unbiased opinion, in relation to

13 the matters within their expertise and

14 an acknowledgement that the expert would inform

15 the parties and, where appropriate, the court,

16 in the event that his or her opinion changed on

17 any material issue?

3

4

5

7 Q.

18 In general terms, yes, but then, as I said Α.

19 before, before instructing an expert, I would

20 have got to know it in detail and, certainly,

21 I would have got advice and opinion as to what

22 needs to go into the expert's report and, also,

23 as and when the expert need to be told about.

24 Well, when the expert is instructed, I would

25 have included that, in his instructions.

1 a specialist system and he -- assisting the 2 prosecution, the defence and the court, into 3 understanding how the system worked or the 4 operation of the system. I think that's why and 5 how he came into advising, he came in as 6 somebody who knew the system well.

Q. So I think you agree that none of the witness statements --

9 A. No.

7

8

10 Q. -- supplied by Mr Jenkins and relied upon by the 11 Post Office in the case against Mrs Misra 12 included any of the necessary elements that 13 I have just listed?

14 A. Yeah, purely because he was (sic) instructed as 15 an expert.

Q. I'm sorry? 16

17 A. He was not instructed as an expert.

Q. I think, as a matter of generality before we 18 19 come to the detail, you would therefore agree that you did not provide Mr Jenkins with any 20

21 instructions as to the duties of an expert?

22 A. No.

23 Q. You did not provide Mr Jenkins with any 24 instructions as to the need to document, for 25 example, the work carried out by him and by Q. Would you that have understood at this time that the requirements that I've just listed went to

2 3 the substance of the expert's opinion and

4 weren't merely box ticking exercises that had to

5 be complied with on the pieces of paper written

6 by the expert? These went to whether the expert

7 understood their duties and had approached their

8 task, compliant with their duties and,

9 therefore, this was a question of admissibility?

10 A. I think the answer would be the same as before,

11 because it's not something I would do on a daily

basis, it's something I have not done within the 12

13 prosecution -- whilst prosecution for the Post

14 Office.

15 **Q.** Before embarking on the detailed evidence, can

16 we agree on the following: firstly, in the case

17 of Seema Misra, no witness statement relied upon

18 by the Post Office from Mr Jenkins included any

19 of the necessary conclusions required by the

20 common law and the Criminal Procedure Rules that

21 I've just listed?

23

5

8

13

22 A. No, because I -- he wasn't -- he wasn't -- he

didn't come in as an expert, in the sense of

24 an expert; he was an expert who was experienced

25 in the system in itself because it's such

1 others, which formed any part of the evidence 2

that he was to give?

3 A. No, purely because he came in as a witness of

4 fact. He was put forward or recommended by

Fujitsu as the best person who can answer or

6 advise the prosecution and, in turn, the

7 defence, and I think all he did was to -- the

questions posed by the defence expert to assist

9 him to understand the system.

Q. I think it follows that you did not provide 10

11 Mr Jenkins with any sort of document or schedule

12 upon which he should record, for example, the

material that he had considered in order to form

14 his expert view?

15 I don't know what material you -- what material

I'm supposed to provide. It's like -- the way 16

17 the whole -- he came into being was purely --

whatever information we had from the defence 18

19 expert, and he was basically forwarding it on to

20 him to respond to it, like any other witness.

21 He -- I didn't take any witness statement from

22 him and I don't think I've actually physically

23 met him until -- from now, from the documents

24 the Inquiry has provided me with, I think the

25 first time was probably in a conference round

about October and I think two or three weeks before, prior to the actually -- actual trial.

The normal practice of the Post Office was not the solicitor to take a witness statement but to the Investigation Officer to do so, and that's how it worked out. Certainly, the defence solicitors would send their enquiries, and I think -- and I think maybe once they've put forward the challenge to the Horizon system, they instructed their expert, they in turn put forward these reports, plus further enquiry -further enquiries. That went to the Investigation Officer.

He, in turn -- this is -- this information needed to be dealt with by Fujitsu and I think there was in place some sort of procedure, system, or process in place that needed to be followed and I think, because of the time constraints or certain -- we needed to respond within a certain period of time, that's when I phoned or got in touch with the Prosecution Support Office, Fujitsu's Prosecution Support Office, and they said, "No, you've got to follow certain procedures", which was would be time consuming, and just to escalate the matters,

1 "Look, Mr Jenkins, as you're going to be giving 2 expert evidence, it's necessary for you to 3 record, in order that we, the prosecution, can 4 disclose, the work that you carry out in order 5 to form your expert view, including a record of 6 who you spoke to and communications that you 7 received from others, insofar as they end up 8 being part of your report."

9 A. At that --

Q. You didn't say that? 10

A. No, well, at that stage, he wasn't considered as 11 12 an expert. He was just more or less responding 13 to the expert's report or enquiries, or their 14 questions, if you like, because he was the 15 only -- he was put forward as the person who 16 could deal with them. So he was -- you know, he 17 was like any other witness. He would have him 18 called to give evidence.

19 Do you have conferences with any other witness? Q. 20 Do you sit down with witnesses of fact and 21 custody their fact and custody their evidence with them, a couple of weeks before trial in 22 23 a barristers' chambers?

24 Α. Well, we didn't have any trials. I mean, 25 certainly, I --

1 I was given a phone number for the Head of Legal 2 at Fujitsu who I contacted and he recommended 3 Mr Jenkins. That's how he came into being.

4 Q. Mr Singh, can I cut through this. I am just 5 asking you at the moment whether you provided 6 instructions, reminders to Mr Jenkins of duties 7 that I have outlined, instructions as to the 8 need to document work carried out by him or by 9 others that was going to form a part of his 10 evidence, with a schedule or work record that 11 detailed the material that he had considered as 12 part of his work.

13 I think your answer is "No, because I didn't 14 think he was an expert"?

A. No, well, I think you followed it up and you 15 16 presumably wanted me to elaborate, but yes --17 well, if -- no. That's right. You're right.

18 Q. I think it follows that there's no 19

documentary --

20 A. No, because we didn't have any documents at that 21 time. What documents could we have provided? 22 So I didn't have any documents that --

23 Q. I think you're misunderstanding me. I'm asking 24 whether you approached Mr Jenkins on the basis 25 that he was an expert and then said to him,

1 Q. Sorry? No, I'm talking about Seema Misra. You've told us you attended a conference with 2 3 counsel Warwick Tatford in October 2010 and 4 Mr Jenkins was present, which you mentioned earlier. 5

6 A. Yes.

7 Was it usual for you to sit down with witnesses 8 of fact and chat through their evidence with 9 them?

10 A. I think, it depended very much on the case.

11 Q. So you would sometimes chat through a witness's 12 evidence with them in a prosecution?

13 A. I think some of the times, some of the -- these

14 areas, certainly we did, in the sense that

15 trying to understand the actual system or the,

16 you know, the technical aspect of it, I think.

17 I don't know, maybe it's a -- I can't --

18 I mean -- I think -- I'm sure we have.

Q. Presumably you would want to keep a pretty 19 20 careful record, if you were chatting through the 21 evidence of a witness of fact a couple of weeks

22 before trial, wouldn't you?

23 A. Well, certainly but, I mean, you know, certainly 24 the Investigation Officers, I -- to be honest --25 I can't -- I can't recall exactly where we were,

1		how we dealt with it now, but certainly I always
2		had my notepad with me.
3	Q.	Or is the fact that you met Mr Jenkins in
4		consultation with counsel a couple of weeks
5	A.	But I haven't taken any papers with me from the
6		Post Office when I left. Everything is there.
7	Q.	Hold on, I haven't asked the question yet.
8	A.	Well, that's where you're coming from okay,
9		ask the question.
10	Q.	Just wait and see.
11	A.	Okay, all right.
12	Q.	Is the fact that you were attending
13		a consultation or conference with counsel, with
14		Mr Jenkins, a couple of weeks before trial,
15		an indication that, in fact, you treated him as
16		an expert witness because that's what one might
17		do with an expert witness
18	A.	I
19	Q.	rather than a witness of fact? Pretty
20		unusual to sit down with prosecution counsel and
21		chat through a witness of fact's evidence, isn't
22		it?
23	A.	I can't really tell you how these came about.
24		I think certainly counsel asked for

a conference, and I -- again, I think in --

didn't -- he was never instructed as an agent from the outset -- as an expert, sorry, by --I'm trying to think at the same time as --because his speciality was -- or his expertise was very, very specific, very specialist, and that was the special tailor-made system for the Post Office, which his employer provided for the Post Office. So he wasn't -- I think that's where we were -- that's where we were confused. Q. What were you confused about? A. Confused as to whether he came as an expert or as fact, because he was basically, literally assisting and assisting the defence expert, because the defence expert was not an expert on the Horizon system, if I can put it that way. Q. Did you feel confused at the time? A. I don't know. I mean, I -- I wasn't confused in the sense of I think you mean, certainly I'm not, like I said to you, in these particular circumstances or in this particular incident, I've never instructed an expert for the Post Office in these circumstances -- in this

originally, I didn't -- I mean, it was such a long time ago, I didn't actually put it in my witness statement and I think you provided further papers, and I think, and then I think Mr Jenkins was nice to put, you know, "Nice to meet you", and all the rest of it, and then I started remembering there was a conference.

As to how that came about or why, what the circumstances were, I couldn't tell you. But certainly, yeah, I mean we got a very experienced counsel who had been dealing with not just the Post Office cases but wide experience of the prosecution for the CPS. He would have been well aware and he would have made me well aware as to what I needed to do, as well as him -- his duties, and I think he must have -- either the specifics of him being, you know, his duties, my duties, we would have done that. But --

Q. I think it's right that there's no documentary
 record to which you can point that confirms that
 Mr Jenkins understood, to your understanding,
 any relevant expert duties that he owed to the
 court; is that right?

A. Well, it follows, because, as I say, we -- he

If you'd been dealing with something, you know, on a regular basis you would have everything in place. I would have had to basically start from scratch and work out the particular terms, or the law, so to speak, as to my duties, duty of the expert, because I don't think any within -- anybody within the Criminal Law Team had actually instructed an expert in that sense.

Q. Can we look at your witness statement, please,
at page 24, paragraph 69, please. If we scroll
down, thank you. You say:

"In the *Misra* case the defence expert raised questions. I contacted the Investigation and Security Team to ask whether they could answer these questions. I was told the request needed to be made in writing and it could take weeks for a response. I was worried that the normal systems and procedures for obtaining information from Fujitsu would be too slow and so I also contacted David Jones, Head of Legal at Fujitsu, to escalate the request so it would be dealt with as quickly as possible to comply with the court order. Subsequently, Gareth Jenkins was put forward to deal with the defence requests as

because it wasn't second nature.

incident, so I was new to it in that sense,

1 someone who was in a position to deal with the 1 a lay witness with technical knowledge who could 2 2 issues raised by the defence expert, but respond to matters raised by the defence 3 I understand that his role was initially limited 3 expert." 4 to that of a lay witness who knew the Horizon 4 Then at the end, you say: 5 system well. As far as I can recall, the Post "However, this was an unusual case in that 5 6 Office did not seek to rely on him as an expert 6 he was not regard by the prosecution as 7 witness or at least initially. Subsequently, 7 an expert witness but from recollection went on 8 due to his expertise and qualifications, the 8 to be treated as an expert by the court." 9 court considered him an expert." In both of those paragraphs, you say that 9 10 Do you see that? 10 initially you did not treat him as an expert 11 witness, agreed? 11 A. Yes. So you're saying that you and others in the Post 12 Q. 12 A. 13 Office did not seek to rely on him as an expert 13 Q. In both of those paragraphs, you say that he, witness, at least initially, but the court did. 14 Mr Jenkins, was treated by the court as 14 Well, I think, isn't that what --15 an expert, agreed? 15 Α. 16 Is that correct? Is that what you're saying? 16 A. Well, that's what I say, but --Q. 17 A. Yeah, isn't that what I've been --17 Q. Yes. Q. Right, good. 18 A. Yes. 18 19 A. -- saying all along to you, in any case. 19 So, if you initially did not consider him to be 20 I don't think that's any different to what I've 20 acting as an expert, it follows, doesn't it, 21 21 just been telling you. that there came a stage when you did consider 22 Q. If we can turn, please, to page 67, paragraph 22 him to be an expert, agreed? 23 198, you say: 23 A. Not -- not by -- I don't -- I don't -- it's 24 "Initially, I did not consider Mr Jenkins to 24 difficult because I think you're -- it's very 25 be acting as an expert but to be brought in as 25 easy to play with words but in the --1 Q. Is that what you think I'm doing? 1 knowledge, he was able to bring the defence 2 A. No, I'm --2 expert to a level where he could actually 3 Q. I'm just reading out parts of your witness 3 understand the system --4 statement. 4 Q. Mr Singh, in these two paragraphs you're dealing 5 A. Maybe I'm -- let me think, then. Let me think 5 with Mr Jenkins' status --6 quietly to myself. I was thinking loud. Maybe 6 Δ Yes --7 it's not the place to think loud. Let me put it 7 Q. -- as to whether he was a lay witness or 8 differently to you, then. 8 an expert witness. In both paragraphs, you say, 9 Q. Just so you can refocus on the question. 9 initially, you did not consider him to be acting 10 10 A. Yes. as an expert witness. Q. In two paragraphs in your witness statement you 11 A. Well, I -- I think throughout --11 Q. But then, and I'm asking you, after that initial 12 12 period had passed, did you treat him as 13 "Initially, I did not consider him to be 13 14 acting as an expert ..." 14 an expert witness? 15 Okay, can I share something with you? There 15 Α. would -- I -- the way this should have come 16 Q. My question is: does it follow that later, 16 17 ie after the initial bit had finished, you did 17 about or the way I visualised it, was that there consider him to be an expert? would come a stage where we would get 18 18 Only as an expert in the Horizon system, because 19 an external expert, whereby the -- Mr Jenkins 19 A. would be able to assist our expert -- our 20 we did not have anybody else to -- who had that 20 21 specialist experience into the operation of it, 21 independent expert. I think that's probably 22 the workings of it and, also, even to analyse 22 true meaning, where we should have done, but, at 23 the transaction logs. And I think, overall, in 23 the same time, I think I was relying very much

24

25

on the expertise and the knowledge and experience of our counsel, and that didn't come

40

24

25

the scheme of things, in the case itself, he --

and in turn, because of his expertise and

together.

But, initially, I think it would have been -- I think maybe the way it should have been done would have been -- maybe we would have got another professor in, I don't know. But certainly here, he did -- in the true meaning of the word, he didn't come in as an expert. Maybe here -- it was very difficult to put it into words what I was trying to say, but he was treated as a witness of fact all the way through, up to including the trial.

But maybe it should have been done differently, he should have been -- we should have got another professor in, from the outset, as an independent expert but then who would have instructed him? Who would understand the system? Who would -- it was that sort of real-world problem --

19 Q. Can we go back to page 24, please, paragraph 6920 at the bottom, last sentence:

"Subsequently, due to his expertise and qualifications, the Court considered him an expert."

Did the Post Office argue against the court's treatment of Mr Jenkins as an expert?

41

- 1 A. How do you mean?
- Q. Well, one moment he's a witness of fact in theperson who's calling him as a witness, and then
- 4 the court is treating him as an expert. Was he
- 5 informed of his change of status?
- 6 A. He basically was treated as somebody who knew
- 7 the system well because that's more or less what
- 8 the court's issue in the case was and I think,
- 9 as you would be aware, if it -- I think the
- 10 judge actually said to the defence expert and
- 11 Mr Jenkins to have as much meeting, as much time
- 12 as possible, with a view to narrowing the
- issues, to a point where there was actually
- 14 a joint report, which both these gentlemans
- 15 agreed to.
- 16 Q. Is that normal, in your experience, for the
- 17 court to order two parties to meet, one of whom
- is an expert and the other who is a lay witness
- 19 of fact, and to produce a statement of agreement
- 20 and disagreement or a joint report?
- 21 A. Well, I've just said that I think it's -- we've
- been -- for the last few minutes, I've told you.
- 23 This is the first experience in the Post Office
- 24 cases I've ever had, and I think I was very much
- 25 relying on, you know, our barrister. And

1 A. Not to my knowledge. I wasn't in court.

- 2 Certainly, we were represented by a very
- 3 experienced knowledgeable counsel and,
- 4 certainly, he was instructed by the
- 5 Investigation Officers that were there and
- 6 I think one of our legal executives was there.
- 7 I didn't get any -- anything to -- anything like
- 8 that, that we said "No, no, he's an expert, he's
- 9 only an expert of fact".
- 10 Q. So did the Post Office acquiesce in the court's
- 11 treatment of him as an expert?
- 12 A. I don't know. I mean, I can't answer that.
- 13 I mean --
- 14 $\,$ Q. When did the court subsequently consider him
- 15 an expert?
- 16 A. Well, that was -- I -- I -- well, maybe it was
- wrong. I, you know, doing this statement after
- 18 a long period -- the conclusion or the case has
- 19 been concluded, it was a difficult one. I would
- 20 have --
- 21 Q. From when? What moment did the court treat him
- 22 as an expert?
- 23 A. I don't know. I can't answer that.
- 24 Q. Was Mr Jenkins made aware of the change in
- 25 status that he had enjoyed?

้ 12

- 1 basically saying "No, no, no, we can't use him".
- I mean, if he said to me, right from the outset,
- 3 "Jarnail, we can't use him", then I would have
- 4 stopped at that moment and see if we can have --
- 5 try to find an expert outside, you know, who was
- 6 basically a professional expert -- you know, who
- 7 gave evidence in court.

8 But this was the only person that we were --9 or who was put forward who knew the system very

- 10 well, because these is -- this was a very, very
- 11 specialist system. Only person who could
- 12 actually -- not only assist the court, but
- 10
- actually went on to assist the defence expert.
- 14 **Q.** In this paragraph, you refer to the normal
- 15 systems and procedures for obtaining information
- 16 from Fujitsu. What were the normal systems and
- 17 procedures for obtaining information from
- 18 Fujitsu?
- 19 **A.** I think I'm maybe the wrong person to ask.
- 20 I don't know to that, because I'm not -- wasn't
- 21 privy to the contract or the even the
- 22 relationships. I didn't know people like Penny
- Thomas existed, you know, the Prosecution
- 24 Support Office, who was basically --
- 25 Q. You say here that you were worried that the

- 1 normal systems and procedures would be too slow?
- 2 **A.** Yes.
- 3 Q. So you must have understood what they were?
- 4 A. What they were was when the Investigation
- 5 Officer said, "Jarnail, this can't be done,
- 6 we've got to do this, we've got to do that",
- 7 that's when I got hold of Penny Thomas and
- 8 I think there came a time when she actually --
- 9 I think sent me some email as to what the Post
- 10 Office needed to do, and I think that's what we
- 11 were discussing yesterday, weren't we, when we
- were trying to get information from them?
- 13 But like anything in life, they probably
- 14 have got set procedures and systems in place,
- 15 because we -- I've never used them, it wasn't
- something that I was aware of, intimately.
- 17 I knew probably there would be because, you
- 18 know, theirs is a contractual, commercial
- 19 relationship between two parties: Fujitsu and
- 20 the Post Office.
- 21 But as mine is a legal -- is, you know, of
- 22 the prosecution solicitor in-house, something
- that I didn't use, I wouldn't be aware of in
- 24 detail. I mean, I would know in general terms
- 25 because there would be some relationship, there
 - 45
- 1 Q. I'd appreciate it if you would focus on my
- 2 question rather than talking about other stuff.
- 3 A. Okay, fine. Okay.
- 4 Q. Was it from the moment that the judge directed
- 5 a timetable for the service of expert reports
- 6 and that the experts should meet and produce
- 7 a statement of areas of agreement and
 - disagreement that you treated Mr Jenkins as
- 9 an expert?
- 10 **A.** No.

- 11 Q. So despite the court treating him as
- 12 an expert --
- 13 **A.** No.
- 14 Q. -- you did not?
- 15 A. At that time, I'm talking about -- no, no.
- 16 Mr -- I'm talking -- I'm maybe at cross
- 17 purposes. The time and the dates I'm talking
- 18 about, Mr Jenkins didn't exist. I didn't know
- 19 anything about -- I didn't know Mr Jenkins.
- 20 Q. Okay, let's talk about the thing I'm talking
- 21 about.
- 22 **A.** Okay.
- 23 Q. When the court directed a timetable for the
- 24 production of expert reports and directed that
- 25 the experts should meet to produce statements of 47

- 1 would be something in writing, some contract or
- 2 agreement, but I can't tell you now as to what
- 3 they were and, even at that stage, I wasn't
 - aware of it.
- 5 All I was trying to do, from a practical
- 6 point of view, from an empirical point of view,
- 7 from the real-world point of view, was trying to
- 8 get this thing moving because it's in court, and
- 9 the judge had to give directions, you know,
- 10 a timetable as to certain things needed to be
- 11 done.

4

- 12 Q. By the experts?
- 13 A. Yes, I -- well, yeah --
- 14 Q. So was it from that moment, from when the judge
- 15 gave directions as to the service of expert
- 16 reports and the meeting of experts, that you
- 17 treated Mr Jenkins as an expert?
- 18 A. Well, we couldn't find any experts in the outer
- 19 world who knew the statement and I did look.
- 20 I --
- 21 Q. No, my question -- and I would really appreciate
- 22 it if you would --
- 23 A. Sorry, let me --
- 24 Q. No. hold on --
- 25 A. No, let me --
- 46
- 1 agreement and disagreement, from that moment on,
- 2 did you treat Mr Jenkins as an expert?
- 3 A. What date are you -- we talking about? What are
- 4 you -- because there's a date where they --
- 5 or --
- 6 Q. Autumn 2009.
- 7 A. I think if you've -- I think that they wanted
- 8 the experts report but we didn't have an expert
- 9 at this time --
- 10 Q. No, when the court issued -- we're going to come
- 11 to them later, I'm just asking you on this at
- the moment, we're going to come to look at all
- of these documents at the moment, but when, in
- 14 autumn 2009, the court issued directions that
- mentioned experts on each side, after that
- 16 point, did you treat Mr Jenkins as an expert?
- 17 A. No, because Mr --
- 18 **Q**. Why not?
- 19 **A.** Mr Jenkins wasn't there. Mr Jenkins only came
- 20 around about February time.
- 21 Q. So did you know that Mr Jenkins, as an employee
- 22 of Fujitsu and somebody who worked day-to-day on
- Horizon, was a person where the prosecution,
- 24 perhaps more than in other circumstances, needed
- 25 to ensure that he understood his duties to the

1		court?	1	I did sort of generally let it be known that
2	A.	Well, obviously I knew he was an employee	2	this is where we are, we need to get an expert
3		because he was recommended by Head of Legal for	3	to explain the system.
4		Fujitsu, by his employer.	4	And I think the Head of Legal, Rob Wilson,
5	Q.	What about the second bit of the question, then?	5	said "Well, we've never had anybody", and
6	A.	What's that?	6	I think a few others, Juliet McFarlane, who was
7	Q.	Did you know that it was all the more	7	basically a head or leading the subpostmasters'
8		important he wasn't somebody that enjoyed	8	cases, she couldn't come up with a name.
9		functional independence, he wasn't	9	I looked in the Law Society Gazette for
10		independent that it was all the more	10	an expert, and I think I went further afield,
11		important that you should ensure that he	11	I think I spoke to a university or and they
12		understood his duties to the court?	12	didn't know the system well.
13	A.	Well, you're posing this question, about 10, 15,	13	And I think that's where David Jones'
14		20 years after. The fact that the the focus	14	recommendation of Mr Jenkins came in to being
15		there	15	and he came in as somebody who knew the system
16	Q.	13, I think.	16	well. There was obviously you know, he's
17	A.	Well, whatever, 13, then. At that moment,	17	an employee of the employer. Yes, of course,
18		I think my other primary concern was to find	18	I mean, you know, that follows, then, doesn't
19		somebody who knew this very special, specialist	19	it well, it doesn't follow but, obviously,
20		system, who knew the system and, as, when the	20	yes, I would have been aware of that. But that
21		directions were given, around about December	21	wasn't the prime consideration.
22		I don't know whether it was December or	22	The first consideration was like any person
23		I don't know what the actual dates were, but the	23	who could assist the prosecution and the court,
24		year 2009, say, obviously my concern or the Post	24	and then, I think, was to understand the system
25		Office's concerns should have been because 49	25	at that stage and maybe at that stage, we should 50

13		You told me that you were unable to find such	13	SIR WYN WILLIAMS: Yes.

16		I need for the fact that Mr Jenkins was	16	(11.25 am)

25		a long time	25	page 25, please, paragraph 70, fourth line.
20			23	pago 20, picase, paragraph 70, ibuiti illie.

1		You're dealing here with the conference that you
2		referred to earlier in October 2010 and you say,
3		in the fourth line:
4		"As far as I can recall"
5		Then you corrected this to:
6		" I had more involvement with Mr Jenkins.
7		I cannot recall any discussions where he was
8		informed of his duties to the court although
9		I would have assumed counsel would have informed
10		him of the same."
11		If you were not treating Mr Jenkins as
12		an expert witness, why did he need to be
13		informed of duties that he owed to the court?
14	A.	Well, it's such a long time ago, there's been
15		a lot of papers which the Inquiry has provided
16		to me. I honestly can't say that but,
17		certainly, as far as I was concerned, he was
18		a normal witness who was who knew this
19		particular system, which the court needed
20		assistance with, and so did the prosecution and
21		the defence as to again, an assumption,
22		an assumption from reading the papers.
23		I don't know the ins and outs, don't forget
24		I'd been out I've not I've not been out
25		I've been not doing prosecutions for a long
		53
1		on?
2	A.	Yeah.
3	Q.	You say in your email:
4		"Thinking about choice of expert in this
5		case."
6		That's the Wylie case, okay?
7		"I have in the past instructed Gareth
8		Jenkins of Fujitsu in the case of <i>Misra</i> , which

1 period of time. At that time, I would have 2 known, because I attended a lot of courses, 3 I had a lot of the papers with me but, at that 4 particular moment in time, when I am making 5 these witness statements, is relying on a lot of 6 the information, and I'm trying to summarise or 7 be as brief as possible. So I can't honestly 8 answer you why I said what I did. 9 Q. So your position is that you, at no stage, 10 treated Mr Jenkins as an expert witness, but the 11 court did, correct? A. I -- yeah, he was somebody who was there to help 12 and assist like any normal witness would do. 13 Q. Can we look, please, at POL00020489. Thank you. 14 If we scroll to the middle email, thank you. 15 16 A bit further down. 17 Dealing with a different case here in 2012, September 2012, do you see? You're engaged in 18 19 a discussion about the choice of expert for it, 20 with Mr Flemington, Mr Bolc, Martin Smith and 21 Harry Bowyer; yes, can you see that? 22 A. Yes, cc'd by Andy Cash, I think was --23 Yes, the email is directly to Andy Cash? 24 A. Yes, it's about a discussion with him. 25 Q. So this is about a different case it's two years 1 Investigation Officer, I didn't take any. 2 I never instructed him as such. 3 Q. Why did you say, if you had never instructed 4 him, "I have instructed him"? 5 A. It's terminology, it's wording. Maybe it's 6 clumsy wording. But then, when you're -- this 7 is a while back. This is going back. You're 8 writing something out under pressure. Now, 9 looking at it now, it was clumsy. It shouldn't have been. "In the past, we have used as 10 11 a witness", or something like that, maybe something -- the word "instructed", in that 12 13 sense, is probably --14 Q. You agree that the language that you used is 15 suggestive of you viewing Mr Jenkins as 16 an expert witness? 17 A. It's clumsy. I --Q. No, just focus on the question. You agree that 18

system. Perhaps we need to reconsider whether to instruct him as he may be viewed to a close to the system but instruct.

"Somebody entirely independent? Your thoughts please ..."

You say there "I have in the past instructed Gareth Jenkins of Fujitsu in the *Misra* case"; that's true, isn't it? You instructed Gareth Jenkins in the *Misra* case.

A. Well, instruct -- well, I -Q. Is that true?

[incidentally] was the only challenge on

Horizon. He provided expertise in dealing with

defence's boundless enquiry into the whole

He was put forward. I mean, I didn't -- well, what instructions have I given him? That's the whole point. He gave instructions to our

55

sense, is probably -
Q. You agree that the language that you used is
suggestive of you viewing Mr Jenkins as
an expert witness?

A. It's clumsy. I -Q. No, just focus on the question. You agree that
the language you used in this email is
suggestive of you viewing Mr Jenkins as
an expert witness?

A. It's -- I -Q. Yes?

A. The meaning isn't in that sense that he's
instructed as an expert --

- 1 Q. Does a solicitor ever instruct a witness of
- 2 fact?
- 3 A. No, but, I mean --
- 4 Q. Does a solicitor instruct an expert?
- 5 A. Yes.
- 6 Q. You said you "instructed Mr Jenkins". Agreed?
- 7 A. I think maybe -- that's the wrong word.
- 8 Q. Why did you use it?
- 9 A. I -- well, this is -- you know, 12 September '12
- at 15.36, and now we are '23. So I don't know.
- 11 I mean, I can't put my hand on heart and tell
- 12 one way or the other but it's clumsy, it
- 13 shouldn't --
- 14 Q. Let's look at POL00031352. This is an email
- 15 from you to Hugh Flemington and others, dated
- 16 1 July 2013, with the subject of "Discuss of
- 17 defect in Horizon in court Seema Misra and Lee
- 18 Castleton", yes?
- 19 A. Yes, yes. Sorry, yes.
- 20 Q. Then if we scroll down, please, paragraph 3 --
- 21 if that can be highlighted -- you say in your
- 22 email:
- 23 "We instructed our own expert, Gareth
- 24 Jenkins, from Fujitsu."
- 25 If you did not instruct Mr Jenkins as
 - 57
- 1 instructed Mr Jenkins as an expert when you say
- 2 that's exactly what you didn't do?
- 3 A. The reality is, I attended a lot of courses.
- 4 I -- at that particular --
- 5 Q. That document can come down, by the way.
- 6 Sorry, you were telling us about courses you
- 7 attended.
- 8 A. Yeah, I knew at that time what my
- 9 responsibilities and duties were. Mr Jenkins,
- 10 as I explained to you, at that time came in as
- 11 somebody who knew the system very well, better
- than anybody else, and he could assist the
- 13 prosecution, the defence and the court, and
- 14 that's what he did and he didn't came in as
- 15 an expert in anything apart from being an expert
- in the system itself.
- 17 Q. That explains what you now say. I'm asking you
- 18 to explain why, in these emails that I've just
- 19 looked at, you say, "I instructed Gareth
- 20 Jenkins" and "We instructed own expert, Gareth
- 21 Jenkins", when you say that's precisely what you
- 22 didn't do?
- 23 **A**. I--
- 24 Q. You say it's just clumsiness?
- 25 A. Clumsiness, laziness, you name it, but it's --

- 1 an expert, why did you say "We instructed"
- 2 Mr Jenkins as an expert?
- 3 A. Clumsy. It shouldn't have been. It's wrong.
- 4 I can't explain to you. I mean, this is years
- 5 on. He was -- if you -- the best I can put it
- 6 to you, he was expert -- or he knew the system,
- 7 Fujitsu, like no other person and he was there
- 8 to assist all parties, prosecution, defence and
- 9 the court.
- 10 Q. Isn't the reality of the position that you
- 11 either didn't understand what the duties were in
- 12 relation to the treatment of a person as
- 13 an expert witness or you simply didn't care
- enough to see what those duties were and ensure
- that they were discharged and that, after the
- 16 fact, you've invented this idea that you were
- 17 treating Mr Jenkins as a witness of fact
- throughout and not an expert, to cover for the
- 19 fact that you very well know that you complied
- with none of the duties that you owed to him?
- 21 A. None of what you said is true.
- 22 Q. So why --
- 23 A. I don't agree with it.
- 24 Q. Why have I been able to find two emails in which
- 25 you have said, in black and white, that you

58

1 he, I think --

8

- 2 Q. Why were you being lazy?
- 3 A. I think it's probably the day-to-day pressures
- 4 and I think the other thing is, like any good
- 5 lawyer, is that you need to --
- 6 Q. Use language precisely?
- 7 A. Well, maybe I should have been more precise and
 - concise. Maybe I'm probably being more informal
- 9 because it's internal. But, certainly, he was
- 10 not -- if I -- if the witness statement, that's
- 11 what I -- is what I've signed up to and that's
- 12 what I did, and I can't even say why you are
- asking me that when I've got that witness
- 14 statement here to that fact that he wasn't
- instructed as an expert from beginning to end,
- not by me, and that's the reason why a lot of
- 17 the -- you know, the statute, common law terms
- and conditions were not put in that way because
- 19 he didn't do any of that.
- All he did, he came in and he explained the
- 21 Horizon system.
- 22 Q. So you say you've got a witness statement saying
- 23 he wasn't an expert?
- 24 **A.** No, no.
- 25 Q. Is that your witness statement?

- 1 A. This what I'm telling you, this is --
- 2 Q. Just because you're saying it in a witness
- 3 statement, doesn't mean it's true, is it?
- 4 A. Why not? That's why I believed. That's why
- 5 I signed up to.
- 6 Q. Right. Okay, got it. So you're saying that
- 7 because it's in the witness statement you're
- 8 pointing to on the desk there, it can't be the
- 9 case that you treated Mr Jenkins as an expert?
- 10 A. No. No.
- 11 Q. Aren't you just covering up the fact that --
- 12 A. No, no.
- 13 Q. -- that you know that he was treated --
- 14 A. Why would I cover up -- no, no.
- 15 Q. Because know that you complied with none of the
- duties that you owed as a prosecutor, so you've
- 17 rewritten history.
- 18 A. No.
- 19 **Q.** You said, "I didn't treat him as an expert at
- 20 all. He was a witness of fact throughout",
- 21 despite how you've described him in these two
- 22 emails and despite the fact that you attended
- 23 a conference with counsel with him and chatted
- 24 through his evidence.
- 25 **A.** I don't know -- I mean, I don't know where you
- 1 with the Horizon system. Warwick Tatford has
 - asked that the problems with Horizon that he has
- 3 raised in his report are replied to in a witness
- 4 statement form. I presume that an employee of
- 5 Fujitsu would have to produce the witness
- 6 statement.
 - "In addition to this, the defence have also
- 8 requested the following information ..."
- 9 Yes?
- 10 A. Yes.

7

- 11 Q. Can you help with why it was the Investigator,
- 12 rather than you who was seeking a response to
- 13 the expert evidence?
- 14 A. I honestly don't know. I can't help you with
- 15 that.
- 16 Q. Was that usual, that the Investigator would
- 17 commission evidence like this from Fujitsu
- 18 rather than you doing it?
- 19 A. I don't know. I mean, I can't explain it. It's
- 20 such a long time ago. I mean, I can't really --
- 21 I've been out of this area of law. I can't
- 22 really deal with too much detail you're looking
- 23 into. I can't help you.
- 24 Q. But would you agree that, at the moment here,
- 25 the communication from the Investigator is not

63

- 1 get that we chatted through his evidence. I --
- 2 Q. What did you do? Did you sit there in silence?
- 3 A. I've no recollection of what -- I mean, I don't
- 4 know whether you -- but there's a --
- 5 an attendance note to that --
- 6 Q. No, that's significant. We haven't had
- 7 disclosed to us an attendance note of what
- 8 happened at the October 2010 conference.
- 9 **A.** Well, as I said to you, when I left the Post
- 10 Office I didn't take any papers with me. So
- 11 I can't tell you -- can't assist you any
- 12 further.
- 13 Q. Can we turn, then, to the unfolding
- 14 correspondence over the Seema Misra case and
- 15 Mr Jenkins' involvement in it and start with
- 16 FUJ00152843. This appears to be the first
- 17 communications concerning what was eventually to
- 18 be Mr Jenkins' witness statements. What I'm
- 19 going to do is track through they how came to be
- 20 provided. Okay?
- 21 This is an email exchange, I think, not
- 22 involving you, from Mr Longman. He says:
- 23 "Jane
- 24 "I attach a report from the defence expert
 - where he has highlighted a number of problems
 - 62
- 1 treating Mr Jenkins' evidence as potentially
- 2 expert evidence. It's asking for a reply to
- 3 expert evidence in a witness statement.
- 4 A. Yes.

25

8

- 5 Q. You're not copied into this, I think?
- 6 A. No. No.
- 7 Q. Now, at the same time as this was going on, can
 - we look, please, at POL00053723. Can you see
- 9 this is dated -- sorry, if we scroll down,
- 10 please -- 11 December 2009. Mark Dinsdale, can
- 11 you remember who he was?
- 12 A. I don't know, one of the Investigation Officers
- 13 I think, but I've --
- 14 **Q.** Okay.
- 15 A. -- whether I've had direct instructions from
- 16 him, I don't know.
- 17 Q. He emails Mr Wilson:
- 18 "Rob, I am looking for a bit of guidance on
- 19 this request from Jon Longman in respect of
- 20 Seema Misra."
- 21 That's the one we've just looked at.
- 22 **A.** Yes.
- 23 $\,$ **Q.** "This is a huge piece of work that could
- 24 potentially wrap up my team for weeks and then
- only to be asked more questions of a similar

nature. I have also concerns over the types of questions that are being asked and whether we can actually provide the information ...

"We are a new team and would really appreciate your guidance on this, on how to move this one forwards. Are these questions that yourselves need to answer from a legal perspective? Clearly some of these questions are so unspecified, that we could be dragging up Horizon reports for almost every branch over a ten-year period for every single week in [question].

"I hope you can help provide some advice and guidance on this one. Thank you."

Then if we scroll up, please, you send that on to Warwick Tatford. You reference the email

"... he raises number of queries and wants solutions to the disclosure which have in my view unreasonably and unnecessarily been raised by the Defence."

You seek advice and you say:

"This may have a wider implication for the business and ... look forward to receiving [his] advice as soon as possible."

1 A. I can't answer that. I don't know, you know, 2 years on.

3 Q. Can we see what Mr Tatford said when he replied, POL00044557. This is Mr Tatford's advice. Take 4 5 it from me it is dated 5 January 2010.

> "... I would wish some further enquiries to be made from Fujitsu. Paragraph 23 of the Castleton judgment refers to the evidence of Anne Chambers. When she was cross-examined she appears to have had knowledge of an error in Horizon that had occurred at Callendar Square in

"I have seen some civil paperwork in relation to Alan Brown but not concerning a Horizon error. I don't know if Anne Chambers still works for Fujitsu but it should be relatively straightforward for Fujitsu to provide full information about what appears to have been a well-known problem at Callendar Square."

"I think our disclosure duty requires us to

67

1 Can you explain, in relation to this 2 request, why you regarded the defence request as 3 unreasonable and unnecessary?

4 A. I can't. Because I don't know what information 5 they're requiring.

6 Q. If we scroll down, we can look at it. It's at 7 the foot of the page, it starts with (1):

> "Please find attached a statement from Eleanor Nixon ... please provide the following information ..."

11 Then over the page. If you read that slowly 12 to yourself, and then scroll down. If you read 13 (2) and (3) to yourself, and then scroll down. 14 There's a reference to some other cases, 15 including Macdonald and Hosi.

Then over the page:

"Please provide details of:

18 "Post offices, past and present, that have 19 experienced losses with the Horizon system.

20 "Prosecutions, past and present, that have 21 been brought for theft or false accounting, as 22 a result of alleged losses."

23 Let's go up to page 1. Why did you regard 24 the defence request as unreasonable and 25 unnecessary?

66

1 ask Fujitsu whether they are aware of any other 2 Horizon error that has been found at any other 3 sub post office".

Then he says:

"I anticipate that there will be none but it is important that the check is made."

7 Before approaching Fujitsu, would you agree 8 that, as the prosecutor, the Post Office was under a duty to disclose any information which 9 10 it, the Post Office, held about, firstly, the 11 Callendar Square bug, or, secondly, awareness of 12 any other Horizon errors that had been found at 13 any sub post office?

14 A. Certainly, if it undermines the prosecution case 15 and it assisted the defence, that's what the test is 16

17 Q. So what did you do, then, to obtain from the Post Office itself, before going to Fujitsu, 18 documents falling within either of those 19

20 categories?

21 A. I don't recall what I did or didn't do. I mean, 22 it's years ago. I can't tell you chapter and 23 verse what we did or didn't do. I can't answer 24

that, you know, 10/12 years on, I --

25 Q. Did you ever consider that the Post Office

1		itself owed disclosure duties of the kind that	1		information?
2		I've mentioned, before turning to Fujitsu,	2	A.	I don't know. I mean, I can't tell you what we
3		ie looking within itself at all departments or	3		did. It was so many years ago. But certainly

11	Q.	How would it have been highlighted to the team	11		enquiries be made of Fujitsu, the corporation,

13	Α.	Certainly, this advice would have gone to the	13		Mr Jenkins?

16		as to how we go about doing it. But, I mean,	16		doesn't mean to say that we haven't carried out

21		information about Horizon integrity issues, to	21		it.
22	_	use a portmanteau phrase	22		But, certainly, if we had the information or

2	Q.	But on the separate issue of let's put aside	2	A.	That's the Post Office system. That's what we

12	Q.	Can we go on, please, to FUJ00152887. We're now	12	Q.	You're not even copied in on this, so this is
13		at 27 January 2010. This is a communication	13		going on without your knowledge; is that right?
14		from Mr Longman to Fujitsu, Penny Thomas in	14	A.	Isn't that I can't, I don't, I mean, I'm not
15		Fujitsu. Can you see he says:	15		copied into this particular one. I don't know
16		"Our defence barrister has asked for all of	16		whether he sent me anything else. I can't

16		expert witnesses?	16		moment in time, it's such a long time ago. But
17	A.	I don't know what you're asking me here.	17		it certainly would have been discussed and
18		I mean, if you break it down a little bit,	18		considered. I mean, certainly Fujitsu wouldn't
19		because this is years on. I mean, I'm trying to	19		allow any person just to enter. There would be

15		Just stopping there: the solicitor in the	15		"When Gareth completes his statement could

23		a witness statement."	23	Q.	What do you notice about the difference?
24		That's essentially repeating the email we	24	A.	In hindsight, yes, but at that moment, I don't
25		saw earlier.	25		know what it was. But, certainly, you know, if
		81			82
1		you I can't recall word for word what that	1		a mention by an individual, namely Gareth
2		was but, if you bring the other one up and then	2		Jenkins. They're different things, aren't they?
3		you can see there is a difference, there is	3	A.	
4		a marked difference.	4		focus, yes.
5	Q.	Let's do the left-hand/right-hand side thing	5	Q.	
6		again. Left-hand side, POL00044557, page 3,	6	A.	It shouldn't have been but it did it is what
7		paragraph 7.	7		it is. To be honest, I now that we got the
8	A.	(The witness read to himself)	8		time and being able to focus on it and you've
9	Q.	Compare paragraph 7, left side, to paragraph 3.	9		certainly highlighted it, yes. But I can't
10	A.	There appears to be something missing, isn't	10		recall what we did at that particular moment or
11		there? I don't know what?	11		when or the way it came back, or whether we
12		Oh, yes. Yes. That Horizon error should	12		did anything after that. I don't know. But
13		have been in there, yes.	13		I can't explain that to you. Or I because
14	Q.	Sorry, I can't hear you?	14		I don't remember. I don't recall.
15	Α.	Yes, there obviously is a difference, yeah	15	Q.	Did you have any input into how the question was
16	Q.	What differences do you notice?	16	-	reformulated, that it was turned from a request
17	Α.	Well, the Horizon errors. It doesn't say	17		to ask Fujitsu, the corporation, of whether it
18		anything about that, does it, Horizon system	18		was aware of any other Horizon error in any sub
19		that Fujitsu were aware of? It doesn't mention	19		post office to a request to an individual to
20		errors.	20		mention if there are any known problems that
21	Q.	Well, the first thing is that the advice from	21		Fujitsu are aware of?
22	~	Mr Tatford is that it should be a request made	22	A.	•
23		to Fujitsu, yes?	23		You don't recall whether you had any input into
-					,,,,

A. Yes.

25 Q. That's been translated into a request for

83

the reformulation of the question?

25 $\,$ **A.** That bit I obviously -- that is, you know, Jon

- Longman's email. But, certainly, I don't recall
 what transpired after that.
- Q. Do you agree that the request that's nowdirected to Mr Jenkins has conflated the
- 5 separate issues of a response to the defence
- 6 expert report and the Post Office's own response
- 7 to the defence's request for disclosure, in
- 8 respect of which Mr Tatford had advised?
- 9 A. So long -- I can't explain, because I haven't
- 10 got the details or -- you know, 10 years on,
- 11 12 years on, it's different. But, I mean,
- 12 I can't answer that, I don't know to -- to your
- 13 question. I don't recall and I can't really
- 14 answer that.
- 15 Q. Were you aware at the time of a prosecutor's
- 16 duties in respect of third-party disclosure or
- 17 obtaining material from a third party?
- 18 A. What, you mean internally or generally; how do
- 19 you mean?
- 20 Q. I'm afraid I can't express it any better than
- that, even if I rearrange the words in the
- 22 sentence.

- 23 A. I don't -- at the moment, I can't tell you what
- 24 the duties were. Maybe at that time, certainly
- 25 I would have been but, I mean, to look at it in
- 1 Q. Would you agree that a prosecutor seeking
 - disclosure from a third party should explain to
- 3 the third party the nature of the duties that
- 4 both it, the prosecutor and the third party,
- 5 were under; give some guidance to it?
- 6 A. I don't know. I don't recall as to what we --
- 7 what the relationship is here within Fujitsu in
- 8 partnership. I mean, as I say, I don't -- not
- got involved in the contractual or commercial
- side of the business, as to how we went about
- 11 getting information of Fujitsu and -- but,
- 12 certainly, I -- you know, years on now, I can't
- tell you what I knew then or I didn't know at
- that particular moment in time. So I can'tassist you any more than what I've just said.
- 16 **Q.** Do you agree that this watering down that we see
- here, essentially means that what was advice
- 18 from counsel to ask a corporation whether it was
- 19 aware of any other Horizon issue at any other
- 20 sub post office, has been turned into a rather
- 21 casual request to an individual that they might
- 22 mention anything in their witness statement of
- problems of which Fujitsu was aware?
- 24 **A.** Well, that's what it appears to be but, as to
- 25 what the reality was at that particular moment 87

- 1 that much depth and detail now, I -- I don't
- 2 know. I mean, the answer to that, I don't
- 3 recall where we --
- 4 Q. Would you agree that when a prosecutor is
- 5 approaching a third-party, in order to assist
- 6 it, the prosecutor, in discharging its
- 7 disclosure obligations, it should explain to the
- 8 third party that it is doing so and the
- 9 importance of third party conducting enquiries
- 10 itself that are both recorded and auditable in
- 11 order that the prosecutor can then explain to
- the court what it has and hasn't done to
- 13 discharge its disclosure obligations?
- 14 A. I can't recall as to whatever you're asking me;
- 15 purely, at that time, I probably would --
- 16 I would assume so, because I had been up to date
- 17 with a lot of the legislation or a lot of the
- 18 requirements, but I can't answer to you now,
- moving on, because all the information you
- 20 provided
- And now it's completely different in the sense that I had the chance to look at it but
- sense that I had the chance to look at it but
- even then I had -- my head is not -- the
- 24 prosecution hat on it, or head on it, purely
- 25 trying to assist the best I can the Inquiry.
 - 8
- 1 years ago, I don't know. But, certainly,
- 2 indeed, from the information you've given me,
- 3 I can't really give you much depth, detailed --
- 4 Q. In any event, this didn't, on the face of it,
- 5 amount to an instruction to Gareth Jenkins, as
- 6 an expert witness in the case, did it?
- 7 A. Well, as you said, that email is not copied to
- 8 me, so I'm not aware as to what the -- whether,
- 9 you know, Gareth -- well, he's obviously saying
- 10 Gareth Jenkins should deal with it but,
- 11 certainly, I can't give you any more detail than
- the fact that I don't know.
- 13 Q. I mean, taking a step back, would you agree
- 14 overall that what we've seen so far is that the
- 15 Post Office appears to be proceeding on the
- basis that it needs some information from
- 17 Fujitsu in order to disclose its obligations as
- a prosecutor by way of disclosure, and that has
- 19 been conflated with a request being made to
- 20 Mr Jenkins to provide a response to a defence
- 21 expert report?
- 22 **A**. I--
- 23 Q. That's what it looks like, doesn't it?
- 24 $\,$ **A.** Well, it looks that way but I can't say for sure
- as to -- a lot of the time, as the information

it

1	comes, and then you look at it and you review
2	and then you, you know, flesh it out a little
3	bit more. I mean, that's our some of the
4	information is dealt with, but I can't really
5	assist you or the Inquiry any further than
6	what's in front of you.

Q. Can we move forward a few days to see when you become directly involved, to 5 February 2010, FUJ00122713. If we scroll down, please, can we see at the foot of the page your email to David Jones at 5 February, at 12.34, and you say, "Dear Mr Jones", if we carry on down the page:

"I refer to our telephone conversations of 4 and 5 February 2010 with regard to the obtaining of a witness statement of the defence challenging the reliability of Horizon.

I understand that Mr Jenkins has been identified as an experienced person to give this statement.

I would be grateful, after your meeting this morning, if you could confirm to me when Mr Jenkins would be back to return to duty after his sick leave ..."

There's a court order with a deadline of the 8 February.

By this time, had you seen the exchanges of

It looks like there have been some problem getting there:

"I met this morning with Gareth Jenkins who came [back] into the office briefly to meet with me. Gareth will help with this matter. His input will be coordinated by Penny who is responsible for delivery to [Post Office Limited] of support in the Security area.

"Ahead is a first draft of a statement from Gareth. I would like you to review it and indicate if it answers the questions in the detail you require.

"You will see that there are some areas where Fujitsu cannot deal with the Defendant's expert's criticisms as they are about [Post Office Limited] procedures or requirements and it seems evident that there will need to be a [Post Office Limited] internal 'expert' who can work with Gareth to deal with these areas.

"One concern is that [Post Office Limited] have not apparently requested transaction data for West Byfleet for the period and transactions in question. This would normally be provided in previous cases and would include Fujitsu extracting log files from the system to enable

9 If we scroll back up to your email. It 10 seems like you spoke with Mr Jones on 4 and 11 5 February.

12 A. Yes

13 Q. Why had you become involved at this stage?

14 A. I don't -- I don't -- I don't know, to be honest
15 with you. I don't recall as to -- all I know is

16 I've spoken to him and he's -- I've asked for

help, assistance with somebody who can help and

18 assist with the prosecution.

19 Q. Okay, if we scroll up, please --

20 **A.** That's about it. I mean, I don't know the ins

21 and outs of why not --

22 Q. -- and look at Mr Jones' reply:

"Jarnail,

23

24 "Thank you for your attached email -- which

25 I have now received!"

1 us to provide details of transactions.

Surprisingly, this has not been requested in

this case. Perhaps you would consider the need

4 for this."

So Mr Jones, the Head of Legal within
 Fujitsu, is saying, firstly, that Mr Jenkins is

7 going to help you, he's enclosing a copy of

8 Mr Jenkins' statement and asking you to look at

9 it and see whether it answers the questions that

10 you require in the right detail. There's going

to be some things that he can't address, that

there needs to be somebody from within the Post

13 Office who can work with him to deal with those

14 areas, but there's a concern that transaction

15 data hasn't been requested and that's

16 surprising, agreed?

47 A V--

17 **A.** Yes.

18 Q. Mr Singh?

19 **A.** Oh, sorry.

20 **Q.** Yes?

21 A. Yeah, that's what it says.

22 Q. Okay. Can we look, please, at POL00029369. If

23 we scroll down, please, your email at 3.39 on

24 5 February. I'm so sorry, scroll down a bit

25 further. Thank you.

1		Your email sent by your secretary at 2.53 to	1		Thank you, stop there.

1h		saying, "We've asked you to mention whether	25		issue of your treatment of Mr Jenkins, in the

- 1 emails we've seen, you are not seemingly
- 2 instructing Mr Jenkins as an expert by reminding
- 3 him or drawing to his attention of any of the
- 4 matters that the Criminal Procedure Rules or the
- 5 common law required, correct? That's just not
- 6 a feature of these email exchanges, is it?
- 7 A. No, this is -- yeah, agreed. Yes.
- 8 Q. Was it a significant concern to you that
- 9 Mr Jenkins had not addressed the issue of
- 10 whether there were any known problems in the
- Horizon system? 11
- Again, I don't -- I can't answer that. 12 A.
- 13 Because it ought to have been, oughtn't it?
- A. Sorry, I don't know. 14
- Q. You've got a defence expert saying there are 15
- 16 problems with the Horizon system, you've asked
- 17 somebody with expertise within Fujitsu whether
- 18 there are known problems with the Horizon system
- 19 and he hasn't addressed it.
- 20 A. I can't answer that for --
- 21 **Q.** Did that position ever change?
- 22 A. I don't know. I --
- 23 Q. The question that Warwick Tatford had asked,
- 24 whether in its original form or in its watered
- 25 down form, was that ever addressed squarely and
- 1 it should be. Should be, yes.
- 2 Q. Can we move on, please. FUJ00122731. This is
- 3 still later in the day, on the 5th, 4.28 pm.
- 4 You to Fujitsu again, Jones, Thomas and Jenkins:
- 5 "Dear David.
- 6 "Please also get Gareth Jenkins to comment
- 7 on the enclosed report."
- 8 That's the third McLachlan report, with
- 9 a deadline of Monday, 8 February. So I think
- 10 you're sending this at 4.30 on a Friday, by the
- 11 look of it.
- A. I have no idea as to what day it was. 12
- 13 Well, if Monday was the 8th --
- 14 A. Well, I -- probably --
- Q. The 5th would have been the Friday, wouldn't it? 15
- 16 Yes?
- A. I don't know but if you say so. I agree with 17
- 18
- Q. Let's work out. 19
- 20 A. No, no, you don't have to work it out. If you
- say so, it must be --21
- 22 Q. I don't want to get to the stage in asking you
- 23 questions of how a calendar works, Mr Singh.
- 24 A.
- 25 Q. You oughtn't to be so suspicious of me that if 99

- head on by either Fujitsu or Mr Jenkins? 1
- 2 A. I can't recall. I can't give you yes or no
- 3 answer to that.
- 4 Q. Did you press that point, "We need an answer,
- Fujitsu, to this fundamental question"? 5
- 6 A. I don't know. I mean, I haven't read the
- 7 papers -- I mean the only thing is that what you
- 8 supplied me in the -- you know, the Inquiry
- 9 papers. I -- years on, I can't ask -- you know,
- 10 I can't answer that in detail.
- Q. Would you have realised that, if Fujitsu 11
- revealed known problems with the Horizon system, 12
- 13 that would be significant information, not only
- 14 for this prosecution but for a number of
- 15 prosecutions?
- 16 A. Of course it would be.
- 17 Q. It could bring an end to prosecutions?
- A. Yes, it -- well, if there is problems and 18
- 19 an error, it should bring an end to
- 20 prosecutions. We shouldn't proceed with it.
- 21 Q. So it's a point that needs to be pressed hard,
- 22
- 23 A. But I -- as I say, I'm not the only lawyer
- 24 dealing with these cases. Certainly, you know,
- 25 if I'm aware of something like that, then, yes,

- 1 I tell you that Friday was the 5th --
- 2 A. No, I'm not suspicious, I'm just saying -- well,
- 3 years on. I can't tell you the reason why but,
- 4 certainly, I'm trying to get the --
- 5 Q. Do you agree that Friday was the 5th?
- 6 Yeah, yes I agree.
- 7 Q. Excellent.
- 8 Fine.
- So Saturday would be the 6th, wouldn't it? 9 Q.
- Must be. 10
- Sunday would have been the 7th? 11
- 12 Α. Yes, agreed.
- 13 Q. Good.

24

- 14 Presuming Monday was --
- You were sending a request at 4.28 on a Friday 15
- to Mr Jenkins, saying there's a court deadline 16
- 17 for you to respond to this by 4.00 pm on the
- 18 Monday, weren't you?
- Well, that's what the court deadline -- I'm 19
- 20 stating a fact. I can only deal with what
- 21 I have -- and I'm certainly -- my habit is that
- 22 whatever matters in front of you, you deal with
- 23 it as much as you can, I mean, instead of going
- backwards and forwards. You know the -- it's --

25 a Friday, but, you know, whatever it is, I'm

No, the answer is it's going through -- the Post 3 and I think, as you can see David Posnett's Office -- you know, I can honestly say it works 3 4 4 letter -- concern, he's in a position whereby very slowly. But it's not like a commercial 5 organisation where I've been concerned with in he's concerned with one expect. You've got 5 6 somebody else, the lawyers in the commercial and 6 private practice. Yes. Presumably you regarded that as a huge red flag? 19 we have emphasised it, and then, I think, 19 20 Α. Well, obviously, yeah -- as I said to you 20 subsequently finally we do get them, don't we, 21 earlier, I explained to you what the situation 21 in March? 22 was. There were problems in the background, 22 Q. I mean, presumably, at the very least, this kind 23 which I wasn't aware of. 23 of communication is something that you would 24 Q. 7	Q.	Correct.	7		until 3.00.
8	A.	That's the final one. That's not on there. Do	8		I've informed the Core Participants who had

14		WYN WILLIAMS: Yes, thank you.	14		Yes.
15	MR	BEER: Thank you.	15	Q.	ie the one that you were referring to, and

- 1 A. No.
- 2 Q. So not just the ones I was speaking about at the
- 3 time but no emails concerning liaison with
- 4 Fujitsu or Gareth Jenkins over the commissioning
- 5 or contents or parameters of his witness
- 6 evidence are included, are they?
- 7 **A.** No.
- 8 Q. If we go back to page 1, please. Whilst we're
- 9 here -- we'll come back to it later -- but this
- 10 Schedule of Unused Material does not contain any
- 11 drafts of any of his witness statements, does
- 12 it?
- 13 A. No, it doesn't, no.
- 14 Q. Did you know, in 2010, that there was
- 15 an obligation under the law that had existed
- 16 under the Code of Practice promulgated under the
- 17 CPIA 1996 to disclose, as unused material,
- 18 drafts of witness statements, where they were
- 19 materially different from the served version?
- 20 A. I can't remember now, to be honest, but I would
- 21 assume -- I've been on the courses, I would have
- 22 been aware. But I can't -- I don't -- I can't
- 23 recall it.
- 24 Q. Assuming that you were aware of that --
- 25 A. I should have been, yes.

- 1 lawyer?
- 2 A. Yes.
- 3 Q. What function did the reviewing lawyer perform
- 4 in relation to the schedule of non-sensitive
- 5 material?
- 6 A. Well, he needed to -- well, certainly review
- 7 all, every single information he has or he
- 8 should have or, if he hasn't, to get the
- 9 Investigation Officer to get it over to him, or
- 10 put it in the schedule for him, or -- and then,
- 11 having reviewed it, finally conclude that it's
- 12 on here.
- 13 Q. Would the reviewing lawyer sign it?
- 14 A. If he's happy with it, he would only sign it if
- he's happy it's all complete, yes.
- 16 Q. You'll see the way this form is designed, that
- 17 there isn't an obvious place for the reviewing
- 18 lawyer to sign. The signature that's underneath
- 19 "GRO" there is Mr Longman's signature?
- 20 A. Oh. Oh, is it? I don't know. I mean,
- 21 I presume there's a reviewing lawyer, who need
- 22 to -- I don't know whether I dealt with it,
- 23 whether I signed it next to where this reviewing
- 24 lawyer is
- 25 **Q.** That's what was supposed to happen, was it -- 115

- 1 Q. -- we're going to see, later this afternoon,
- 2 that there were a series of draft statements
- 3 that pass through your hands, which were very
- 4 materially different from initial drafts and, in
- 5 particular, they contain drafting suggestions
- 6 made by Warwick Tatford --
- 7 A. Yes, Mr Tatford, yes.
- 8 Q. -- and none of those were disclosed. How did
- 9 that come about?
- 10 A. Who signed this? Have I?
- 11 Q. You can see at the foot of it, it is signed by
- 12 Mr Longman?
- 13 A. No, but the reviewing lawyer, is it me? Because
- 14 I know there was number of people dealing with
- 15 it.
- 16 Q. Let's start with how it was supposed to work.
- 17 A. Yeah, please.
- 18 Q. The Disclosure Officer was responsible for
- 19 collecting together the material --
- 20 A. Yes.
- 21 Q. -- and deciding, in the first instance, whether
- 22 it required to be listed on this schedule or
- 23 a sensitive schedule or not at all, agreed?
- 24 A. Yes, agreed.
- 25 Q. They would submit the schedule to the reviewing

114

- 1 **A.** Yes.
- 2 Q. -- that it was signed next to the words
- 3 "Reviewing Lawyer" to show that the two-person
- 4 process of the Disclosure Officer, on the one
- 5 hand, and the independent of the Disclosure
- 6 Officer, the reviewing lawyer on the other, had
- 7 each applied their minds to the contents of the
- 8 schedule?
- 9 **A.** Yes.
- 10 Q. So would you get copies of these documents here,
- 11 1 to 11 --
- 12 **A.** Yes, yes.
- 13 Q. -- when you got this schedule?
- 14 A. Absolutely, yes.
- 15 **Q.** Right.
- 16 A. It should be enclosed with it.
- 17 Q. So that's what the Disclosure Officer is
- submitting to you, a schedule, plus a copy of
- the documents that are mentioned in the
- 20 schedule?
- 21 **A.** Yes.
- 22 Q. Yes? What about material that's not mentioned
- in the schedule? How did the reviewing lawyer
- 24 go about ascertaining what steps had been made
- 25 to collate material, to decide whether it should

1 go on the schedule?

- 2 A. Well, you were meant to review the whole case
- 3 and presumably make a list of what should be
- 4 there. The matters just mentioned about the,
- 5 you know, the drafting of the statement or the
- 6 amending of it and, as you go through it,
- 7 presumably you make a list and I think yesterday
- 8 you enclosed in one of the documents as to what
- 9 should be on it, plus -- depending on the kind
- of case it is and, presumably here, we're
- 11 requesting a lot of information from Fujitsu,
- 12 and it's not forthcoming, and if those matters
- that, you know, underline the prosecution case
- 14 and assist the defence, that's the test.
- 15 And the fairness of the trial, all that
- 16 needs to be requested, asked for, searched for
- 17 and then subsequently listed before you sign it
- 18 off or submit it to the defence.
- 19 Q. In this case, this wasn't one of those cases
- 20 where the investigatory work had been carried
- 21 out by, and only by, the Investigator and the
- 22 reviewing lawyer was not cited on any of it.
- We've seen from the email exchanges that we've
- 24 looked at so far that you were included in
- 25 a series of emails, which made it clear that you
 - 117
- 1 answer or feel unable to answer, that material
- 2 needs to go on an unused schedule, here it is"?
- 3 A. The person who would have dealt with it would
- 4 have been my supervising officer --
- 5 Q. Who was that?
- 6 A. Supervising officer.
- 7 Q. Who was that?
- 8 A. You know, the Head of Criminal Law Team.
- 9 Q. Who was that?
- 10 A. Rob, I think Robert, Rob --
- 11 **Q.** So he took over the file whilst you were away,
- 12 did he?
- 13 A. I think he always kept in eye on it.
- 14 Q. No, no. You're talking about something
- 15 different here, Mr Singh?
- 16 A. Yes, he --
- 17 Q. You're telling us --
- 18 A. He took over for that period when I was away.
- 19 Q. When did he take over from?
- 20 A. I don't know. I think probably about end of
- 21 August, beginning of October.
- 22 $\,$ **Q**. Sorry, he took over from the end of August until
- the beginning of October?
- 24 A. Yeah, I think I was away for a long, long period
- 25 of about three or four months. I wasn't even in 119

- 1 were in possession of relevant material?
- 2 A. Yes. It's on the file. It should be on the
- 3 file

7

- 4 Q. So why was that material not listed on the
- 5 schedule?
- 6 A. I honestly can't say why but I don't know -
 - when was the actual information sent, the
- 8 non-sensitive material in this schedule, when
- 9 was it sent to the defence?
- 10 Q. Sorry, when was the non-sensitive material --
- 11 A. It must have been served on the defence, if it's
- 12 been --
- 13 $\,$ **Q.** I don't know. At some point, presumably after
- 14 8 September 2010.
- 15 A. Yeah, I know certainly this matter was dealt
- 16 with -- the other lawyers in the office, and
- 17 I think around about that September '10, I was
- 18 away for a long, long period. I wasn't even in
- the country. That's the reason why. I can't
- 20 really --
- 21 Q. So what did you do to tell the new lawyer,
- 22 "Look, I've been party to dozens of emails in
- which the third party, Fujitsu, has been asked
- 24 a series of questions, some of which they've
- answered, some of which they've declined to

118

- 1 the country. I had some things to sort out and
 - I got the leave to go.
- 3 Q. Presumably you said, "Look, Rob, we've got all
- 4 of this unused material here. I've got it, it's
- 5 on my file, it's in my email inbox and outbox.
- 6 Here it is, this needs to be listed on the
- 7 unused".

2

- 8 This is one of the cases I think we sat
- 9 together, reviewed it constantly over a period
- of time. I think he was more of less up to date
- 11 because it was one of those cases where I felt
- 12 a lot comfortable with the fact that it's been
- 13 looked at, reviewed by the barrister who would
- deal with the trial, if it came to the trial,
- and subsequently my line manager. So if there
- 16 was anything I overlooked, he would pick it up,
- 17 and vice versa.
- 18 And that's one of the reasons why the
- 19 disclosure was dealt with in the way it did, in
- 20 the fact that I kept the counsel, the barrister
- in the case, up to date with everything, and all seeking advice as the matter progressed because
- 23 there's --
- 24 Q. I'm asking you, Mr Singh, about what steps you
- 25 took, to ensure, in this period of absence that

. 120

you're telling us about --1 1 A. Yes, agreed. 2 Well, I --A. 2 Q. And a serious dereliction of the Prosecution's 3 Q. -- hold on -duty not to include, on this schedule or any 3 schedule, the draft witness statements of 4 A. Sorry, okay. 4 5 Mr Gareth Jenkins which were materially Q. -- that the material you were in possession 5 6 often, that undermined the prosecution case, was 6 different from the signed version? 7 included on a disclosure schedule. What steps 7 A. Yeah, yeah. 8 8 Q. Your answer to that is essentially: "You need to did you take? 9 9 ask Mr Wilson about them"? A. I think, firstly, the fact that I think he 10 was -- he was my line manager and top of it, 10 Α. Yes. that he -- we were dealing with it, you know, 11 Q. It's not down to you? 11 12 together. And then I think before I left, No, I accept that maybe I should have done more, 12 13 I think we had the case for the -- we had the 13 but, certainly, in that particular period --14 date for the trial, and I think -- I don't know 14 Q. What do you mean you should have done more? 15 whether we sat together or he made notes or 15 More in the sense that I should have had 16 I actually dictated notes. I don't know now 16 something -- more in the sense that I don't 17 exactly how this came about. 17 know, made everybody aware of it, maybe I should have listed it, I don't know but I think I sat 18 Do you accept, Mr Singh, that it's a serious 18 Q. 19 dereliction of the prosecution's duties --19 with him, almost constantly and also I think he 20 Yes, of course. 20 more or less, on and off, took over the case to Α. Q. -- not to have included --21 21 have a look. 22 22 Α. I think he was reviewing it all the time, 23 Q. -- on this schedule or any schedule of unused 23 I don't know whether he made notes of it but material the email exchanges that we were 24 24 it's such a long time ago, I can't recall 25 looking at earlier? 25 exactly what --121 122 1 Q. Thank you, that can come down. 1 points of agreement and disagreement. No 2 Can we return to another issue that we 2 further directions were made", et cetera. 3 addressed before lunch, the extent to which you 3 You would have known by the time of receipt 4 treated Mr Jenkins as an expert. 4 of this document that the court was regarding 5 5 A. Yes. Mr Jenkins as an expert, agreed? 6 A. Well, that's what it says, yes. Q. Remember, I showed you some emails after the 6 7 event from, I think, 2012/2013, which referred 7 No, you would have known personally that, by the 8 to you having instructed him as an expert. Can 8 time of receipt of this document, 7 May 2010, 9 I just look at some material that bears on that the court was treating Mr Jenkins as an expert, 9 10 issue from a different angle. 10 agreed? 11 Can we start, please, by looking at 11 A. That's noted by our counsel. I mean, presumably 12 POL00045565. If we look at the second page, he was at the hearing and he --12 13 please, it's a note from Warwick Tatford. If we 13 Q. Yes, but he was giving you a note of what 14 go back to the first page, it's an attendance 14 happened at the hearing? 15 note for a mention on 7 May 2010. 15 A. Yes, yes, he --Yes. Q. The judge is referring to the "experts", plural, 16 Α. 16 17 Can you see that? 17 compiling a point of "their points", plural, of Q. agreement and disagreement. So you would know 18 Α. 18 If we look at the third paragraph, please, if 19 that, by this time, the court was treating 19 Q. 20 that can be blown up, please: 20 Mr Jenkins as an expert, agreed? 21 "The Judge was prepared to break the fixture 21 Agreed, yeah. 22 because it had been fixed without the knowledge 22 So when, in your witness statement -- do you

5	A.	What can I say? I certainly that's what the	5	Q.	Yes, so 11 days later. You say:

17	A.	I cannot tell you. Obviously, you know, it's my	17		So this is in your own hand, a note for the

15		So here you've got your counsel referring to	15	Q.	So this is, would you agree, the kind of

7

1	A.	I don't I can't recall what I was thinking at
2		the time, certainly all that was referred to the
3		counsel and also my line manager. I don't know,
4		nobody is it's down to me, I agree, I should
5		have picked it up and done something about it.
6	Q.	Do you agree that that's a serious dereliction
7		of your duties as a prosecutor?
8	A.	Yes, yes it is.
9	Q.	Thank you very much, that can come down.
10		Picking up where we left off before lunch,
11		we were looking at the email that Mr Jones, the
12		Head of Legal at Fujitsu, had sent you on
13		5 February 2010. Perhaps if we just remind
14		ourselves of that, FUJ00152930. Do you remember
15		we were looking at this before lunch, and it's
16		this critical issue of what started as
17		paragraph 7 of Mr Tatford's advice about getting
18		out of Fujitsu known or recognised errors or
19		issues within the Horizon system; the watering
20		down, as I've called it, of that request; the
21		putting of that to Fujitsu and Mr Jenkins; and
22		the reply coming back, "He's not currently in
23		a position to make a clear statement".
24	A.	Yes.
25	Q.	Can we just look at the draft witness statement

1 there were any known problems with Horizon? 2 A. I don't -- I -- I don't -- I don't know. 3 I can't think now as to what -- what I was 4 thinking at that time or what we did about to 5 deal with it. 6 Q. What about what is said there: "It is possible 7 for there to be problems where transactions have 8 been lost in particular circumstances due to 9 locking issues"? What further information did 10 you seek from Mr Jones, or Fujitsu more 11 generally, as to what this problem was and what 12 the background to it was?

129

13 A. I honestly don't know. I mean, I don't know 14 what it was because I haven't got the whole 15 file. And, certainly, you know, I was working 16 with other people, I would have sought advice as 17 to what directions we take from there. 18 Certainly, you know, the barrister, working 19 alongside of me, together with the head of the 20 Criminal Law Team. 21

22

23

24

25

I mean, I -- as I say, this is the first case of this nature, that's why I wouldn't have done these -- taken that case on by myself, I would have had other people working alongside with me. And it was that period, I think in

that was attached to the emails, by looking at
FUJ00122723. If we look at page 2, please, can
you see that Mr Jenkins internally says, ie to
Mr Jones and Ms Thomas:
"Brief responses as follows, but not sure

"Brief responses as follows, but not sure that I should put them in a Witness Statement."

Then number 3:

8 "This is where I'm reluctant to make a clear
9 statement. I am aware of one problem where
10 transactions have been lost in particular
11 circumstances, due to locking issues",
12 et cetera, et cetera, which was cut into the
13 email that you yourself received.

Then if we scroll up, please, and a little further. You can see that is indeed forwarded on to you; can you see that?

17 A. Yes

18 Q. What did you think when you read that Mr Jenkins
19 said he was reluctant to make a clear statement
20 over whether there were known issues or problems
21 with the Horizon system?

22 **A.** Sorry, say that again? Sorry.

Q. What did you think when you received
 a communication which said that Mr Jenkins was
 reluctant to make a clear statement over whether

that year, where I think I took time off,
 certainly, and we had our Head of Criminal Law
 Team working alongside me who was caretaking
 while I was away.

Did you take any steps to understand what the
issue was with Horizon, which could cause
transactions to be lost?

8 A. I don't recall. From what you -- this is the
9 only thing or whatever you've given in your -10 you know, the papers you've submitted to me,
11 apart from that, I can't really add any more.

Q. Given that your counsel, Warwick Tatford, had
 originally advised the Post Office in relation
 to its disclosure obligations to ask Fujitsu
 whether it was aware of any other Horizon errors
 that had been found at any sub post office, and

this information was conveyed in response, did you take any steps to ensure that the Post

19 Office met its disclosure obligations in

20 relation to at least this information?

A. I don't recall. I mean, I don't -- I can't - I don't know, I haven't got the full information
 in front of me as to what steps we took.

Q. We've seen on the disclosure schedule that there
 is no mention of any document exchanged with
 132

		i ujitsu, noi any email exchanged with i ujitsu.			The information that you received from
2		There's no disclosure on the unused schedule of	2		Mr Jenkins via Mr Jones and Fujitsu was not
3		any communications with that third party	3		disclosed by you in this proposed communication

5	A.	Not on that schedule. Should be. Should have	5	A.	I don't recall.
6		been.	6	Q.	Well, it's not there, is it?
7	Q.	So this is 5 February. Can we look, please, at	7	A.	Can I just stop for five minutes and have a chat
8		POL00054162, your email of 22 February to	8		with my solicitor on this, if it's possible,
9		Warwick Tatford and Jon Longman, and you say:	9		sir?
10		"Herewith my replies to the Defence's third	10	SIF	R WYN WILLIAMS: Well, that's a rather unorthodox

15	MR	BEER: Yes, because the I wasn't thinking in	15		So with those words, what's the time now,

1 (2.35 pm) 2 MR BEER: Sir, can you see and hear us? 3 SIR WYN WILLIAMS: Yes, I can, thank you. 4 MR BEER: Mr Singh, is there anything you wanted to 5 convey to the Chairman, having had --6 Α. No, sir, thank you, sir. Thank you for the 7 time. It was just to clarify my head. I think 8 I needed the time. 9 That's fine, that's okay. Can you ask the 10 question again, and I can --Thank you. This draft communication to the 11 Q. 12 defence solicitor, Issy Hogg, was to tell her 13 that you, the prosecution were: 14 "... well aware of our statutory duty of 15 disclosure. As you know, the prosecution has 16 reviewed a large volume of material. The only 17 material disclosable is Callendar Place ..." 18 My question was: why did you not reveal the 19 information that Mr Jenkins had provided you 20 through Fujitsu about a known problem which 21 caused transactions to disappear or to be lost? 22 A. This to Mr Warwick Tatford and Longman, isn't 23 it? 24 Yes, it's a draft email. Q. 25 Draft email. I'm working alongside the counsel 1 defence? 2 A. I don't know. I don't -- I don't recall as to 3 where we are at that particular moment in time. 4 I think it's 24 February '10, so I don't recall. 5 I can't assist any more than that. 6 Q. Let's move on. FUJ00122808. Mr Jenkins on 7 8 February is emailing you directly, copying in 8 Penny Thomas and David Jones, and he says: 9 "Attached is a new witness statement saying 10 what I don't know about Falkirk [that's Callendar Square] and also comments on the third 11 report." 12 13 Can we look, please, at the draft statement 14 POL00001569. Can you see Mr Jenkins' draft 15 statement here, attached to that email to you? A. Yes. 16 17 Q. He says, if we just scroll down a little bit: 18 "I have been asked if issues found at 19 Callendar Square Post Office in Falkirk could 20 have caused the discrepancies in Seema Misra's 21 case. At this stage, I am not aware of the 22 details of the problems in Callendar Square Post 23 Office in Falkirk. However I expect to be able

to find out the details of that case and also to

compare the failing scenarios with the detailed

1 but I don't recall or remember this. I can't 2 answer. I don't know the -- I don't recall. 3 Q. Do you agree that the information that you had 4 received should have been revealed to the 5 defence? I think you've agreed that already, in 6 fact, before the break. But do you agree that it should have been revealed in this response to 7 8 the defence? 9 A. Again, it's such a long time ago. I am trying 10 to -- a lot of it is basically since I've left 11 doing this sort of work, it's just -- it's unmanageable, the amount of material that I had. 12 13 Certainly, I do not remember, I do not recall. 14 I can't really assist the Inquiry any more than 15 that because it's not something that I would 16 have retained to give you an answer for. So 17 I don't remember, I don't recall. 18 Q. Can we look, please, at POL00054185. 19 Can we see the email that, in fact, went out 20 from you to Issy Hogg, and can you see numbered 21 paragraph 2 of it is in exactly the same terms? 22 A. 23 Q. You'd been told by this stage that there was 24 a known problem with Horizon causing 25 transactions to be lost. Why not tell the 138 1 logs that are to be extracted for the Seema 2 Misra case and should then be able to make it 3 clear if the scenario is relevant." 4 So the witness from Fujitsu is saying, 5 "I don't actually know about the one problem 6 with Horizon that has been disclosed to the 7 defence", isn't he, "but I'm going to try and 8 find out"? 9 A. I don't -- the -- I think -- I can't really 10 recall. I cannot really say. It's just too 11 minute details in this moment in time. I don't 12 know what I was thinking at that particular 13 moment. I don't recall most of what you asked 14 me this afternoon, purely because I have been 15 given a lot of information, and I'm not at 16 a time and place and age to be able to digest all that and say to you one way or the other. 17 18

I mean -- so I don't know, I don't recall and I don't remember. So that's all I can assist you with. I don't remember any of that as to how we dealt with it or why we dealt with it. It's just I don't recall, and I think, at the end of today, what I've done is I've had a second set of eyes looking at it all the time, or even third set of eyes. You've got the Head

A. I don't -- I don't recall. I mean, I don't

instruction that Mr Jenkins got, agreed?

144

22

23

24

25

A. No, not at all. What I mean is that -- it's not

a collective decision not to disclose it. For

some reason or other, I do not recall what we

1		paperwork from the beginning to the end, and we	1		attendance note, but I at that time maybe
2		put the clock back, you know, to the year 2010,	2		it's overlooked, it's pressure of work, or
3		I can't really assist you one way or the other	3		whatever it is. I'm sorry it wasn't done, but
4		what we did or didn't do.	4		1
5	Q.	On the documents we've seen, the only form of	5	Q.	As a matter of fact, it wasn't done though?
6		instructions that Mr Jenkins got were requests	6	A.	Yeah.
7		to comment on Professor McLachlan's reports 2	7	Q.	So, by this time, you're serving two witness
8		and 3 and to address the four issues mentioned	8		statements in ordinary form on the defence and,
9		in the Jon Longman email?	9		by that time, neither of those witness
10	Α.	Well, that's what we're trying to correlate is	10		statements incorporated the necessary elements
11		to get the two gentlemens together to work out	11		of an expert report, the things that we
12		where we go from here. I mean, certainly,	12		discussed this morning?
13		there's no intention on any of it, that's the	13	A.	•

17		I don't remember anything. So I don't recall on	17		a specialist. It's a special system and he's

19	Q.	Would you at least agree that neither of the	19		the defence and the court.

21		at this time in draft incorporated the necessary	21		presumably, now you've pointed it out, there
22		elements of an expert report?	22		would have been I mean I again, you know,
23	Α.	I which well, as I said to you, my it's	23		it's in time, I didn't know you know,
24	Λ.	obviously been overlooked. You showed me the,	24		well, maybe it was overlooked by everybody
25		you know, the court's decision and my own 145	25		concerned, as there was a number of people 146
1		involved in it, that we should have done what	1		" with a view to discussing the case
2		was required of us.	2		further and analysing the data as discussed.
3		So it's not anything more than that but he	3		I'd be grateful if you can confirm whether he

9		Can we move on to the 9 February,	9		Do you agree that you provided no

13		reference. I'll move on.	13	A.	Well, it was a mutual meeting into Mr the
14		FUJ00152979, please, 22 February. You're	14		defence expert been I don't know, averse with
15		writing directly to Mr, Jenkins, saying:	15		the system with a view to discussing the
16		"Thank you for providing the two witness	16		system, more than that. Our guy's the expert in
17		statements in the case. I have given your	17		the system, in the sense that his expertise are

21		Just stopping there, the document that I was	21		itself.
22		trying to show you was you sending Fujitsu	22		I think it's no more than that. I don't
23		Mr Jenkins' contact details, and you're	23		know what instructions I gave. I don't remember
24		confirming here that you've done so. You	24		or I don't recall exactly now, in detail, what

25

25

continue:

this meeting is and what I am asking him to do

148

- or what --1
- 2 Q. You don't tell him what you're asking him to do, 3 do you?
- 4 A. I don't remember what -- I think this meeting
- 5 came about purely because these gentlemen,
- 6 I think, either met together or they wanted to
- 7 get together, to really set out what they're
- 8 going to discuss. I mean, I don't know, prepare
- 9 some sort of agenda, but certainly I do not
- 10 recall what my involvement in this was,
- 11 involvement in --
- 12 Well, it was you sending an email to Mr Jenkins Q.
- 13 saying, "Have you had a meeting"?
- A. I don't recall exactly where we are with it 14
- because, to be honest, the amount of minute 15
- 16 detail you're going at, at this moment in time,
- 17 I can't assist you because I don't -- the time
- 18 is -- you know, so much time has passed from
- 19 there to know, that I don't really be able to
- 20 assist you more than I can --
- 21 Q. Do you agree Mr Singh that you failed to tell
- 22 Mr Jenkins: (a) how he should approach the
- 23 discussion with Professor McLachlan; (b) in what
- 24 capacity he was instructed to conduct the
- 25 discussion with Professor McLachlan; (c) what 149
- 1 then you sent Mr Jenkins an email saying, "Have
- 2 you had a meeting yet?" They are the only
- 3 circumstances.
- 4 A. Well, I think it's in agreement with the defence
- 5 that they wanted this meeting, purely because in
- 6 order to assist them to defend their client.
- 7 I can't -- I don't know any more than what I'm
- telling you. I don't recall what happened, what 8
- 9 didn't happen.
- Q. Can we turn, please, to POL00093946. This is 10
- an application, dated 24 February, if we go to 11
- the last page, please. 24 February 2010 settled 12
- 13 by Keith Hadrill of Furnival Chambers. If we go
- 14 back to page 1, please. It's an application to
- 15 stay the indictment against Mrs Misra on Count 1
- 16 of the indictment, on the grounds of abuse of
- 17 process
- 18 A. Yes.
- If we just scroll through it so you get some 19
- 20 context. Look at paragraph 2, which tells us
- the background. 21
- 22 **A**. Yes, yes.
- 23 Paragraph 3, which tells us what the case is. Q.
- 24 A.
- 25 Q. If we move on to paragraph 4, please. Then 4, 5

151

- 1 issues the discussion should cover; and (d)
- 2 importantly, what records should be made of the
- 3 discussion?
- 4 A. I don't recall any of -- any of that, but I --
- Q. Why didn't you do any of those things? 5
- 6 I don't recall. I don't know what these
- 7 circumstances, the way their meeting was set up,
- 8 was it a preliminary one just to see -- just to
- 9 get him to understand the whole system or not.
- 10 I mean it wasn't --
- Q. Well, even if it was a preliminary one, to get 11
- him to explain the whole system, he would say, 12
- 13 "This is just a preliminary meeting to explain
- 14 the whole system, don't go beyond that for the
- 15 moment, Mr Jenkins, but please ensure that
- 16 a record is made of what you say to the defence
- 17 expert, because that will be disclosable in due
- 18 course".
- 19 A.

3

4

9

16

- 20 Q. You must have known that least, Mr Singh?
- 21 A. I don't recall. I mean, I don't recall as to
- 22 how these circumstances came about and
- 23 I think --
- 24 **Q.** The circumstances came about that you sent
- 25 Mr Jenkins' contact details to the defence and

150

- 1 and 6 tell us about the back history. Just
- 2 stopping there, Mr Hadrill says:
 - "The case was called on for trial in May
 - 2009, stood out because of concerns over the
- 5 reliability of the Horizon computer system.
- 6 Time was given for this area of evidence to be
- 7 explored. New solicitors were instructed by the
- 8
 - defence."
 - Then at 5:
- 10 "Case was re-listed for a pre-trial review
- and directions on 14 July 2009 and directions 11
- were given which included the service of 12
- 13 experts' reports."
- 14 That's where I got the reference, before
- 15 lunch, to the autumn of 2009, a direction having
 - been given for the service of experts' reports;
- 17 do you see that?
- Yes. 18 Α.
- 19 Did you know had a direction had been given for
- 20 the service of experts' reports --
- A. Well --21
- 22 Q. -- as early as 2009?
- 23 A. I don't recall. I mean, I don't -- I mean --
- 24 I don't recall now in that much detail, you're
- 25 asking me to remember going back --
