Tom/Gareth

We have 2 cases running at the moment where expert witness input is required - that's Gareth.

I have created an e-mail for each case with the individual requirements listed and relevant documents attached.

We need to sit down together to discuss as soon as possible. Do you have any time tomorrow, please?

I will also forward the issues relating to Porters Avenue, which is the other case in question.

Sorry to trouble you again but I had a further request from our barrister late on Friday. He would like Gareth to respond in his witness statement to the points raised in the Eleanor Nixon statement attached below.

In addition our barrister would like to speak to Gareth directly and would be grateful if in the first instance whether Gareth could either send him his contact details or give him a call on his mobile. Our barrister is called Warwick Tatford and his e-mail address is warwicktatford@GRO and mobile number is GRO

When Gareth completes his statement about Callender Square could he also mention whether there are any known problems with the Horizon system that Fujitsu are aware of. If none could this be clarified in the statement.

The barrister dealing with this case has requested this additional information.

Please see request below; would you call me when you get in?

Gareth - we may need your help here.

Kind regards
Penny

My barrister telephoned me yesterday evening and requested that I found out any information that Fujitsu may hold in relation to an office called Callender Square in Falkirk. Apparently, Anne Chambers a Systems Specialist employed by Fujitsu was cross examined and it is said that she had full knowledge of an error in the Horizon system at this Post Office.

If Anne is still an employee of Fujitsu could you please give me her direct number so that I can contact her, or, alternatively, if there is any report or documentation as to what the error was can this be forwarded to me asap.

Gareth's draft witness statement in response to the accountant's report

Our defence barrister has asked for all of Gareth's replies in relation to the Defences 2nd Interim Report (see attachment below) to be produced as a witness statement. I would suggest that the question from the defence is reproduced and then Gareth's replies are recorded immediately after for clarity purposes.

A pre court hearing has been set for the 1st February and ideally if possible it would be helpful if the statement could be received by Friday of this week. Could you let me know if this is going to be possible.
