Subject: Update on POL work

[I copy this to all prosecution team for info. Rachel, Martin and Andy B have most of the work in hand now and we are building some good relationships with officers.]

Rachel Excellent, well done securing this resource.

I have just had long chat with Jarnail who seems quite contented. I hope to speak to Hugh[Head of Legal] soon.

Subject: Horizon Integrity Report

Dear All

I have saved a copy on my personal file of a Fujitsu report which covers all aspects to do with the integrity of the Horizon system. I think we forgot that we had this and they are very expensive to have done. Luckily it is a generic report that is not specific to one particular case and will be able to

assist you when drafting advices where the integrity of the Horizon system can be called into question.

I will scan and save a copy on the POL file for you to access when needed. We have the case of [REDACTED] in Newcastle at the moment where counsel has encountered problems with defence sols in the past where they had questioned the Horizon system and unfortunately due to not having any evidence to rebut such criticisms, had to drop the case against them. This report should hopefully prevent this from happening.

regards
Rachael
